1.5 Risk Management

1.5.1 Capital Market & Securities Lending & Borrowing segments

NSE Clearing has placed utmost focus on risk management by putting in place an On-line Position monitoring system which has successfully and efficaciously addressed the market risks. Margins are computed on an on-line real time basis at client level. The Value at Risk (VaR) Margins are applied which is statistically arrived at covering 99% value at risk.

1.5.2 Futures & Options, Currency and Commodity Derivatives segments

NSE Clearing has in place many risk management measures including monitoring of exposure on a real time basis through the system called PRISM (Parallel Risk Management System) and also end of day monitoring of client level exposures.

The Most critical component of PRISM is the online real time client level portfolio-based margining and monitoring system. The robustness of the system is time tested and has proved its efficient handling of volatile situations effectively, on numerous occasions in the past and especially on highly volatile days in the year. The actual margining and

position monitoring is done on-line, on an intra-day basis. NSE Clearing uses the SPAN (Standard Portfolio Analysis of Risk) system for the purpose of margining, which is a portfolio-based system.

SPAN is a registered trademark of the Chicago Mercantile Exchange, used herein under License. The objective of SPAN is to identify overall risk in a portfolio of futures and options contracts for each member. The system treats futures and options contracts uniformly, while at the same time recognising the unique exposures associated with options portfolios like extremely deep out-of-money short positions and inter-month risk. SPAN is used to determine the largest loss that a portfolio might reasonably be expected to suffer from one day to the next day. The parameters used in the computation of margins are revised six times a day.

As on March 31, 2023, 46 mutual fund houses with 29,006 schemes were enabled under the revised MFSS scheme.

1.7.1 Subscription

The average daily value of funds settled for subscription of mutual fund units for the period April 1, 2022 to March 31, 2023 was ₹20 crores. The highest settlement value of ₹ 95 crores was observed on February 16, 2023.

1.7.2 Redemption

The average daily value of funds settled for redemption of mutual fund units for the period April 1, 2022 to March 31, 2023 was ₹66 crores. The highest settlement value of ₹ 332 crores was observed on March 31, 2023.

1.8 New Initiatives and Developments

I. T+1 settlement in cash market

SEBI provided an option to the exchanges to introduce T+1 settlement vide its circular dated September 7, 2021.

The introduction on

T+1 settlement for all securities was implemented in a phased manner starting from February 25, 2022 and a roadmap of list of securities moving to T+1 settlement every month, was published in advance.

All the securities were successfully migrated under T+1 settlement on January 27, 2023. Indian markets have been among the first few to have adopted T+1 settlement cycle in equities market. The phased migration and stakeholder consultation with regulatory support helped achieve the transition in a seamless manner.

II. Netting of settlement in cash market and final physical settlement of single stock derivatives

The final settlement of single stock derivatives is carried out by way of physical delivery of underlying stocks. SEBI permitted the netting of such physical delivery obligations for single stock derivatives with the corresponding obligations in the cash equities market to

be settled on the same day.

Such netting is likely to provide better alignment of cash and derivatives segment, mitigate price risk, and bring in netting efficiencies for market participants. Such netting was implemented with effect from March 2023 expiry of single stock derivatives.

III. Standardization of reports downloaded to members

NSE Clearing provides several reports to trading and clearing members regarding their activities and obligations. Different clearing corporations in India have their proprietary report formats, resulting in the requirements for members to develop systems to receive information in multiple formats, causing inefficiency and increasing technical requirements. Further, the proprietary formats are not compatible with international messaging / communication standards.

The Market Infrastructure Institutions worked together to standardize the structure / formats of their reports, and also to make them ISO-compatible. This initiative will help reduce the operational requirements, costs and increase efficiency for members.

NSE Clearing began providing the reports in the standardized formats with effect from July 4, 2022, in addition to the pre-existing reports. Both versions of the reports will be provided till June 30, 2023, and thereafter only the standardized reports will be provided to the members.

IV. Discontinuation of pool accounts for mutual funds transactions on exchange platform

Stock exchanges provide a platform to facilitate transactions in mutual funds. The clients were required to transfer funds/units for purchase/redemption of mutual fund units to the pool accounts maintained by the members.

In order to enhance safety and operational efficiency, under the guidance of SEBI, the usage of pool accounts was discontinued with effect from July 1, 2022.

Under the revised process, the clients do not need to transfer funds and/or securities to the member accounts at any time. The funds (for subscription) and units (for redemption) are provided by the clients directly in the clearing corporation accounts. The subscription / redemption proceeds are also provided by the clearing corporation directly to the demat/bank account of the clients. The revised process has substantially reduced the risk of misutilization of client assets by the intermediaries.

V. Block mechanism and pay-in validation at client level

Clearing corporations assisted the depositories to put in place a block mechanism and pay-in validations at client level, which ensure that excess debits to client demat accounts are prevented.

Under this mechanism: (i) In case of securities provided as early pay-in, i.e., before the determination of final obligations by the clearing corporations: the clearing corporations

reverse any excess securities and ensure debit to the client account does not exceed the deliverable obligations of the client; and (ii) in case of securities provided otherwise, the depositories use the client level obligation data provided by the clearing corporations and ensure that the debit to client account does not exceed the delivery obligation of the respective client.

This mechanism has improved the customer protection by preventing potential misuse by excess debit.

VI.Two-way Portability across Clearing Corporations

NSE Clearing, in consultation with SEBI and Indian Clearing Corporation Ltd. (ICCL); have put in place an inter-CC resiliency set up under Software as a Service (SaaS) model. There will be no change in the day-to-day operations, and the model provides an additional business continuity mechanism over and above the existing redundancies in the primary data centre and other disaster recovery mechanisms.

The two clearing corporations have maintained additional setups of their systems, in which the master and transaction data of the other clearing corporation is replicated. In case of a business disruption, when the primary systems of a clearing corporation are not functioning appropriately, and if the relevant authority decides to activate the SaaS setup; then during the disruption such clearing corporation will use the SaaS setup provided by the other clearing corporation to continue its business.

The two-way portability model substantially improves the operational resiliency of the critical operations and services provided by the clearing corporations, especially against software defects.

VII.Full segregation of client collateral

SEBI issued circulars dated July 20, 2021 and Feb 24, 2021, regarding the requirements of segregated reporting and allocation of client collateral. The first phase of the mechanism (reporting of client collateral) was implemented from October 2021, which achieved transparency and traceability of collateral placed by clients with the members, including its subsequent transfers/retentions up to the clearing corporation.

The second phase, i.e., real-time monitoring of client level margin requirements against allocated collateral was implemented from May 2, 2022. The mechanism helps the clearing corporations to ensure that the assets belonging to a client are utilized towards the trade exposure of the respective client only, and the positions and collateral of non-defaulting clients can be transferred to alternate clearing member or remaining collateral expeditiously returned to the clients, in case of member default.

VIII.Acceptance of bank guarantees in electronic form

NSE Clearing accepts multiple forms of collaterals from its members towards their margin requirements, including bank guarantees issued by empanelled banks. While the rest of the forms of collateral can be provided and withdrawn electronically, bank guarantees

had to be provided in physical form.

National e-Governance Service Limited (NeSL)'s Digital Document Execution platform allows for paperless execution and storage of financial contracts by way of e-stamping and e-signing. NSE Clearing leveraged this platform and began accepting bank guarantees in electronic form, starting with a few empanelled banks, with effect from February 22, 2023. The electronic acceptance improves operational efficiency and eliminates issues related to paper-based documents.

1.9 Other achievements

CRISIL has continued its highest corporate credit rating of 'AAA/Stable' to NSE Clearing Limited. 'AAA/Stable' rating indicates highest degree of strength with regard to honouring debt obligations. NSE Clearing is the first Indian Clearing Corporation to get this rating. The rating reflects NSE Clearing's rigorous risk management controls and adequate settlement guarantee cover.

NSE Clearing has been accorded this rating for the 15th consecutive year.

1.10 Opportunities and increased coverage

1.10.1 Clearing Members

2 INFORMATION TECHNOLOGY

NSE Clearing successfully delivered many path breaking initiatives across Clearing, Settlement, Risk Management and Collateral functions during F.Y. 2022-23.

- Technology was leveraged effectively to deliver these initiatives by business process re-engineering, architecture revamp, technology modernization and process optimizations.
- To achieve fastest Turn Around Time and error free executions during daily operations, all the processes were automated.
- Automation included data validation as well as process/data sanctity checks along with exception handling to ensure seamless clearing and settlement activities within the shortened settlement cycle.

Key programs during F.Y. 2022-23 across functions are as summarized below.

2.1 Clearing & Settlement

▪ T+1 Settlement Rollout

- NSE Clearing successfully rolled out reduction of rolling settlement cycle from T+2 to T+1 in line with regulatory guidelines.
- Scope covered complete business process re-engineering and new architecture rollout in both Clearing & Settlement functions covering 180+ processes.
- With this rollout, India became the second nation in the world after China and first nation globally having the significant trade volumes (third largest by trade volume globally in equity market) to settle trades within 24 hours of execution.
- Rolling settlement cycle reduction from T+2 to T+1 helped Financial Institutions as well as Stock Market participants both in India as well as Globally to receive faster security delivery in buyer's depository account receive faster funds delivery in seller's bank account
- Reduced the number of outstanding unsettled trades at any point of time, and thus decreased the unsettled exposure of Clearing Corporation by 50 per cent.

▪ **Custodian Confirmation Window extension from T Day to T+1 Day**

- In view of T+1 Settlement rollout, Global custodians and Foreign institutional investors, requested more time to confirm custodian trades, due to time zone differences between India and their base locations especially in USA and Europe.
- Accordingly, custody confirmation window was extended from T Day to T+1
- While custody confirmation window was extended, Settlement cycle was continued to start on T+1 at 11 am as per the original T+1 rollout plan.
- This was achieved by leveraging technology to re-engineer the business processes, process automation and change in application architecture.

▪ **Netting of Cash Market and Futures & Options physically settled obligations on Expiry Day**

- To strengthen, the alignment of cash segment and Futures and Options segment (F&O Segment), the obligations arising out of cash segment and physical settlement of F&O segment, upon expiry of stock derivatives, were proposed to be settled on net basis. This was against the earlier approach of settling such obligations separately.
- Clearing processes associated with both asset classes were transformed, to create Netted obligations on T Day at provisional level and on T+1 at final level post custodian confirmations.
- Processes were re-engineered to map Futures & Options Clearing Member, Trading Member, Custody and Custodian Participant masters with that of Cash Market to achieve Clearing Member-Trading Member-Client level netted obligations.
- Settlement engine processes associated with depository interfaces, pay-in and pay-out were re-architected to process securities as well as funds settlements.

▪ **Modernization of Workflow Tool rollout – Epsilon to Control-M**

- As a business process re-engineering initiative, modernized automated workflow engine to next generation Control-M platform.
- Migrated 200+ workflows successfully from existing Epsilon workflow engine to Control-M platform.
- Around 100 Clearing & Settlement front end interfaces were re-engineered to seamlessly integrate with Control-M APIs for seamless single click execution.

▪ **Business Process Optimization for Futures & Options Expiry Day processing**

- NSE Clearing witnessed the exponential trade volume growth during last year, from around 6- 8 crores processing of trades on expiry day to current 12-15 crores processing of trades.
- Despite increase in trade and position volumes, to ensure adequate time availability to member back offices on expiry day, there was a need to optimize the clearing & settlement expiry day processes to handle almost 200% increase in trade volumes.

- Futures & Options expiry day processing framework was revamped by leveraging parallel processing architecture, database level optimizations and process tuning to achieve the same.
- **Standardization of member reports**
 - Interoperability framework introduced the mechanism for Clearing Members to choose one clearing corporation to clear trades while associated trading members having the choice to trade on any of the three exchanges namely NSE, BSE or MSE to leverage better liquidity as well as price discovery.
 - While many processes across the clearing corporations were re-engineered to achieve the interoperable framework, reports were still being shared/received with clearing members, trading members and custodians in a proprietary format of each clearing corporations.
 - As a standardization initiative, common reporting data format and dictionary was agreed among the interoperable clearing corporations.
 - Accordingly, all the reports were transformed to the standardized format for ease of operations and reduction of technology costs at member back offices.
 - To facilitate seamless migration experience to members and custodians, processes were modified to provide both old as well as new format reports on a daily basis in a timely manner.
 - Around 90+ reports across Cash Market, Futures & Options, Currency Derivatives, Commodity and Securities Lending & Borrowing asset classes were migrated to new formats.

2.2 Risk Management & Collateral

▪ Client Collateral of Funds

- As an investor protection initiative, and to have visibility of client-wise collateral at TM, CM and Clearing Corporation (CC) level, a reporting mechanism, covering both cash and non-cash collateral, was implemented.
- Scope included changes in Collateral processes related to addition, modification, and allocation.
- Implemented risk engine changes to put in place the margin framework at a client level granularity from existing Trading member level granularity for client collateral of funds.
- Common collateral utilization module across asset classes for continuing with fungibility of collateral across asset classes was introduced with interface with Collateral and Risk systems.
- Member interfaces were modified to accept shortage allocation reporting from members.
- Clearing system was modified to process member reporting as well as penalty computation related to shortages.

3. HUMAN RESOURCES

Following developments have taken place in Human Resources / Employee Relations front in the financial year 2022-23:

3.1 Learning & Organisation Development:

In F.Y. 2022-23, Learning and Organization Development (L&OD) continued the path of value creation by focusing on competency-based capability and skill building programs.

The key initiatives taken by L&OD team were as follows:

3.1.1. Learning & Development:

In a world where technology is evolving and business needs are changing at a very fast pace, employee's knowledge, skill & capability needs to be developed to facilitate a culture of continuous learning to support Business growth. In this perspective, we have formulated a Learning & Organization Development Policy for NSE & its subsidiaries which will be effective from April 01, 2023. This policy will be the guiding principle in our endeavor to create & sustain NSE group as a learning organization. The objective of the policy is to offer a comprehensive range of learning programs to support employees learning and growth through diversified and accessible best in class development opportunities through Learning Management System (LMS) and learning resources.

F.Y. 2022-23 continued to be a year of leveraging digital medium for learning and development interventions. Key focus was to continue to build and strengthen customized learning pathways in terms of design and content, by factoring in user experience and requirement. In context of same, LMS was implemented as a single platform to drive unique learning experience. All new hires are assigned Induction Learning Journey through LMS during their first week of joining to orient them about the organization. Simultaneously, virtual instructor led induction programs of 2 days were conducted on periodic basis for new hires.

L&OD team partnered with LinkedIn Learning to promote culture of self-learning in the organization by providing structured online learning content to employees.

The Learning & Development interventions were linked to the role and level and were designed basis business requirements and the future skill needs.

L&OD team focused on designing learning solutions to build and enhance Behavioral, Functional & Technical capabilities of employees.

3.1.2. Functional and Technical Learning:

In F.Y. 2022-23, the team partnered with reputed knowledge partners to offer Functional and Technical learning solutions.

Virtual Instructor Led Trainings were organized focused on building functional and technical skills.

Curated Learning Journeys were designed on Python for Data Analysis and Cyber & Information Security Awareness focusing on Phishing for targeted audience utilizing LinkedIn Learning content. We have also rolled out POSH and Enterprise Risk Management E learning modules through LMS for our employees.

3.1.3. Behavioral Training:

In F.Y. 2022-23, NSE has rolled out an Organizational Development intervention coined as NSE HEART (Happy, Effective, Adaptive, Responsive and Team Oriented) to facilitate “cultural shift” & to drive one NSE culture. This was an outbound based OD intervention which was targeted based on predefined criteria for employees at Senior Manager and below cluster. The focus areas of the program were Collaboration, Cross Functional Teamwork, and Positive Orientation towards work & organization.

Campus to Corporate Learning Journey was designed for freshers to ensure smooth transition from college to corporate world focusing on key skills and competencies like goal setting, managing tasks, communication, teamwork, personal development and problem solving.

3.2 Employee Engagement Initiatives:

In the F.Y. 22-23, we have implemented the NSE Spot Award initiative as part of NSE's Reward and Recognition framework for NSEIL and its subsidiaries. The objective of the program is to provide spontaneous recognition and intrinsic motivation to employees by recognizing special contributions, as they occur, for accomplishing a specific task / milestone / significant contribution / success factor / demonstrating a desired behavior / living a value etc. This program will help us appreciate valued contributions from our employees instantaneously.

NSE group has partnered with an external agency to provide Employee Assistance Program (EAP) services to its employees to enable them to deal with wide range of issues relating to stress, work life balance and any other challenges. There are plethora of services extended by the Employee Assistance provider such as counselling, Online Chat, video counselling, self-help articles, blogs, podcasts, along with workshops and webinars.

As a part of the Employee Wellness Program, NSE extends Yoga and Gymnasium facility for its employees. There are host of initiatives that are driven to ensure employee engagement. The policies of the company encourage many activities for the employees and their family members such as family get-togethers, celebration of cultural festival and national events, team workplace parties and learning lunches, sports tournaments, workshops, etc.

3.3 Employee Relations:

Employee relations have been harmonious throughout the period under consideration. Mr. Shharad Dhakkate is the 'Chief Human Resources Officer' of NSE.

3.4 Resources committed towards strengthening regulatory functions and towards ensuring compliance with regulatory requirements applicable to Clearing Corporation

As per Schedule II, Part – C of SECC Regulations 2018, departments handling the following functions shall be considered as Regulatory departments in a Clearing Corporation:

Risk management, member registration, compliance, inspection, enforcement, default, investor protection and investor services.

6.4 COMPANY'S POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION INCLUDING CRITERIA FOR DETERMINING QUALIFICATIONS, POSITIVE ATTRIBUTES & INDEPENDENCE OF DIRECTORS

Pursuant to requirements of the Companies Act, 2013, the Company has framed policies on the appointment of Directors and Senior Management Personnel i.e. Nomination Policy and remuneration of Directors and Key Management Personnel identified under SCR (SECC) Regulations and under the Companies Act, 2013 and other employees i.e. Remuneration Policy and the same are in force. The Nomination Policy and the Remuneration Policy of the Company are given in **Annexure-4**.

6.5 MANNER IN WHICH THE FORMAL ANNUAL EVALUATION OF PERFORMANCE BY THE BOARD OF ITS OWN PERFORMANCE AND THAT OF ITS COMMITTEES AND INDIVIDUAL DIRECTORS WAS CARRIED OUT

As per the provisions of the Companies Act, 2013, the Nomination & Remuneration Committee (NRC) specifies the manner for effective evaluation of the performance of Board, its Committees and individual Directors to be carried out either by the Board, by the NRC or by an independent external agency and review its implementation and compliance. Accordingly, the evaluation of the performance of the Board, its Committees, individual directors and of its Independent External Person are carried out in accordance with the Board Evaluation Policy put in place and other requirements stipulated by SEBI in this regard.

During the year under review, the Company actioned the feedback from the Board evaluation process conducted in the year 2021-22. The evaluation exercise in terms of Schedule IV of the Companies Act, 2013 was also carried out for the F.Y. 2022-23 in a separate meeting of Independent Directors held on April 24, 2023. The performance of all the Directors was evaluated by the entire Board except the person being evaluated. The performance of the Committees was evaluated by the Board. The NRC also carried out the evaluation of Individual Directors. The Board also carried out the evaluation of their own performance apart from its Committees, Individual Directors and Independent External Persons.

6.5.1 The criteria for evaluation for each of the above are as follows:

6.5.1.1 Performance evaluation of the Board

The performance of the Board of Directors is evaluated on the basis of various governance and business related parameters which include, inter- alia, Corporate Governance standards adopted by the Board such as Board composition, Board diversity, etc., Independence in functioning and decision making, Commitment to highest ethical standards of integrity and probity, Provision for entrepreneurial leadership, Effective guidance for setting up and achieving the strategic aims and financial goals of the Company, Implementation and periodic review of policies and procedures for risk management, financial controls and statutory compliance, Number and adequacy of meetings, discussion on strategic matters having substantial effect on the functioning of the Company, Accountability for decisions taken, Stakeholder relationship management, Engagement with executive management (formal or informal) on issues/concerns having effect on the Company's functioning and adequacy on flow of information to the Board and Ensuring necessary financial and human resource support to achieve Company's objectives, etc.

6.5.1.2 Performance evaluation of the Committees

In addition to the principles stated above for evaluation of the Board, to the extent applicable to the respective committees, constructive recommendations made by the Committee(s) to the Board are also kept in mind while evaluating their performance.

6.5.1.3 Performance evaluation of the Directors

The performance of the Individual Directors is largely evaluated based on his/her level of participation and contribution to the performance of the Board/Committee(s) in respect of the above areas and on the basis of various governance and business related parameters which include, inter-alia, Understanding of roles, responsibility, regulatory systems, laws and regulations applicable to the Company and performance of duties in an independent and objective manner; Understanding of objectives, values, vision and business of the Company; Level of participation and devotion of time to Board meetings and Committee meetings, if any, Skills, knowledge, experience, application of subject matter expertise, Adherence to Code of Conduct and Code of Ethics of the Company, Disclosure of conflict of interest or material pecuniary relationships with the Company, its subsidiaries and associates or any proposed contract or arrangement and Engagement with executive management for efficient discharge of responsibilities, etc.

If the individual director whose performance is to be evaluated is a Public Interest Director (PID), the NRC, while evaluating the performance of such PID, shall also keep in mind the policy, if any, framed for performance review of PIDs besides this policy, guiding criteria of performance review, evaluation mechanism, the recommendation to SEBI for extension of PID, etc. as laid down by SEBI in its circular No. SEBI/HO/MRD/DOP2DSA2/CIR/P/2019/26 dated February 5, 2019.

The Board Evaluation Policy of the Company including the Performance evaluation criteria of the Board, its Committees, Individual Directors, the Chairperson, PID and IEP is available on your Company's website in the following link:

7 DIRECTORS' RESPONSIBILITY STATEMENT

Your Directors confirm that -

- (i) in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- (ii) the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of NCL at the end of the financial year i.e. March 31, 2023 and of the profits of NCL for that year;
- (iii) the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of NCL and for preventing and detecting fraud and other irregularities;
- (iv) the Directors had prepared the annual accounts on a going concern basis;
- (v) the Directors had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (vi) the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and such systems are adequate and were operating effectively.

8 CORPORATE SOCIAL RESPONSIBILITY

NCL is covered under the purview of Section 135 of the Companies Act 2013 and hence it needs to spend 2% of its average net profit for identified CSR purposes. Since the contribution of the subsidiary companies of NSE Group is negligible and there would be duplication of efforts if each individual Company within the group undertakes CSR activities on its own and difficulties in scaling up of these activities could arise, it was decided by the Boards of the respective companies in NSE Group that CSR efforts for the Group be undertaken commonly and the actual spend be allocated to the respective Companies in proportion to their legal obligation.

Therefore, a common CSR function was created under NSE as a group resource and the actual CSR spend was proportionately allocated to the respective Companies. However, the CSR Committees for these Companies which monitor the spending are separate. A common CSR policy was prepared and approved by CSR Committees and Boards of the respective companies.

With the rapid increase in the number of CSR projects, it was felt that a separate and focused entity in the form of a Section 8 Company could be established to create a measurable impact and enter collaborations with on ground implementation partners for scale up of programmes. Accordingly, NSE Foundation was incorporated as a company under Section 8 of the Companies Act, 2013 on 5th March 2018 for which wholly committed but previous years unspent CSR funds have been transferred to Unspent CSR Account. Effective April 1, 2018, CSR projects of the NSE group including NCL are being implemented by the NSE Foundation.

During the year 2022-23, ₹ 7.84 crores were required to be spent to implement the Corporate Social Responsibility Policy of the Company in the manner laid down in sub-section (5) of section 135 of the Companies Act 2013 and the actual amount transferred to NSE Foundation towards approved projects was ₹ 5.88 Crores, which is 75% of the amount to be spent by the Company. During the year 2022-23, NSE Foundation spent the entire amount of ₹ 5.88 crores towards the approved CSR projects. The balance amount of ₹ 1.96 Crores. was committed to a healthcare project of three years and transferred to an unspent CSR account by the Company.

The CSR policy is available on your Company's website at https://www.nscclindia.com/NSCCL/disclosures/resources/NSE_Group_CSR_Policy.pdf. The disclosures required to be made in the Board's Report as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is attached herewith as **Annexure-5**.

9 CORPORATE GOVERNANCE

The Company is committed to maintain the highest standards of corporate governance and adhere to corporate governance requirements.

NSE Clearing Limited (NCL) is a public limited company, whose securities are not listed on any of the stock exchanges. As per Regulation 33 of the Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018, the disclosure requirements and corporate governance norms as specified for listed companies are *mutatis mutandis* applicable to a recognised clearing corporation. NCL has always been involved in good governance practices and endeavors continuously to improve upon the same. A report on corporate governance for the financial year 2022-23 is furnished as part of the Annual Report for the information of all its stakeholders as **Annexure-6**. The certificate from a Practicing Company Secretary confirming compliance with the conditions of disclosures and Corporate Governance norms specified for listed companies is also attached to the above report.

10 COMMITTEES OF THE BOARD

Details of the composition of Committees of the Board, meetings held, attendance of the Directors at such Meetings and other relevant details are given in the Corporate Governance Report forming part of this Report.

11 MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management's Discussion and Analysis Report for the year under review is presented in a separate section forming part of the Annual Report.

12 VIGIL MECHANISM / WHISTLE BLOWER POLICY

The Company has, in continuation of the Company's pursuit to establish good corporate governance practice, formulated the 'Whistle Blower Policy' and the policy is in force since January 2015. The Policy, as on date, provides a mechanism to the Directors and employees of the Company for reporting instances of unethical conduct, actual or suspected fraud or violation of the Company's Code of conduct or Ethics policy or law to the Chairman of Audit Committee (cases of financial nature) / Regulatory Oversight Committee (other cases) or the Ethics Counselor, as the case may be. Protected Disclosures should preferably be reported in writing as soon as possible after the whistle blower becomes aware of the same.

All Protected Disclosures reported under the Policy will be thoroughly investigated by the Ethics Counselor or Chairman of the Audit Committee/ Regulatory Oversight Committee or a suitable competent person of their choice, as the case may be, of the Company. No unfair treatment will be meted out to a Whistle Blower by virtue of his/her having reported a Protected Disclosure. Complete protection will be given to whistleblowers against any unfair practice. No Personnel has been denied access to the relevant Committee.

If the findings of the investigator(s) conclude commission of an unethical and improper act, disciplinary action or any other action, as deemed appropriate, will be initiated against the person concerned. There were no such complaints received during the financial year.

A report is being submitted to the Chairman of the Regulatory Oversight Committee / Audit committee as and when any Protected Disclosures are received along with the results of investigations if any and the action initiated with regard to the same. The Board of NCL periodically takes up every policy for its review and for bringing in suitable changes wherever required so that the policy remains relevant at all times. Accordingly, the Board of NCL at its meeting held August 10, 2021, reviewed the policy on materiality and dealing with Related Party Transactions and approved suitable changes therein.

As per the requirements of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, whistle blower policy is provided in the Company's website for the information of the shareholders at the following location:

https://www.nscclindia.com/NSCCL/disclosures/resources/Whistle_Blower_Policy_NCL.pdf

13 BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

The Securities and Exchange Board of India ('SEBI') under Regulation 34(2)(f) of Listing Regulations, 2015 read with National Guidelines on Responsible Business Conduct issued by the Ministry of Corporate Affairs requires companies to present a Business Responsibility and Sustainability Report (BRSR) to its stakeholders in the prescribed format.

As stipulated under the Listing Regulations, the BRSR, describing initiatives taken by NCL from an environmental, social and governance perspective, in the prescribed format forms part of the Annual Report and the same is also hosted on NCL's website www.nscclindia.com.

14 STATUTORY AUDITORS

M/s. Khandelwal Jain & Co., Chartered Accountants [Firm Regn. No. 105049W] were re-appointed as the Statutory Auditors of the Company for a further period of 5 (five) years from the conclusion of the 27th Annual General Meeting, i.e., July 05, 2022, till the conclusion of the 32nd Annual General Meeting.

In continuation of its term of appointment, the said Audit Firm conducted the Statutory Audit of the Company for the financial year ended March 31, 2023.

NCL has obtained the certificate from M/s Khandelwal Jain & Co., Chartered Accountants that they are eligible to continue to act as the Statutory Auditors of the Company for F.Y. 2022-2023 as required under Section 139 of the Companies Act, 2013. The requirement of seeking ratification of the members for the continuance of their appointment has been withdrawn consequent upon the changes made by the Companies (Amendment) Act, 2017 with effect from May 07, 2018. Hence the resolution seeking ratification of the members for their appointment is not being placed at the ensuing Annual General Meeting.

The Statutory Auditors' Report for the Financial Year 2022-23 does not contain any qualification, reservation or adverse remarks.

15. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS / OUTGO

15.1 Conservation of Energy and Technology Absorption

The disclosure of particulars with respect to conservation of energy and technology absorption in terms of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of Companies (Accounts) Rules, 2014 are given hereunder: -

NSE and its group companies have taken several initiatives towards energy conservation, green / renewable energy which demonstrates the commitment towards the sustainable development and clean environment.

NSE Clearing Limited, a wholly owned subsidiary of NSE, is carrying on its operations from the premises of NSE. NCL, together with other companies in NSE Group, has undertaken the following major technological initiatives towards energy conservation, green / renewable energy which demonstrates the commitment towards the sustainable development and clean environment, namely: -

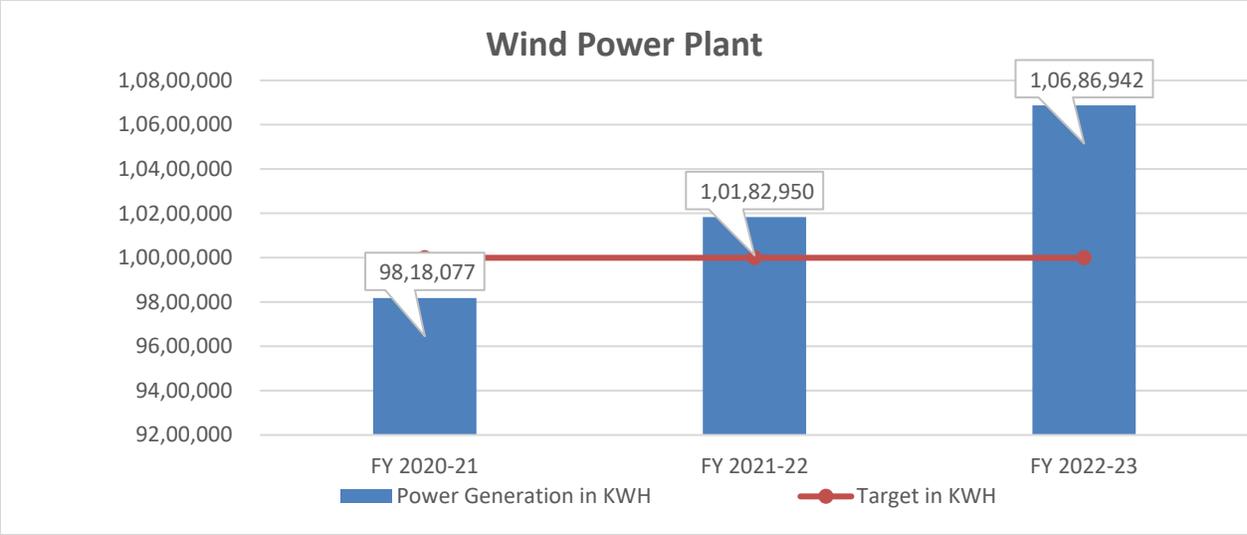

15.1.1 Green Power Generation:

i) Wind Power Plant:

NSE group has commissioned the 6.25 MW (i.e., 5 nos. of 1.25 MW of Wind Mills) Wind Power Plant at Satara in Maharashtra in the year 2014. In Wind Power Plant, the Wind Electric Generator (WEG) converts the Kinetic Energy available in the Wind to Electrical Energy by using a Rotor, Gearbox and a Generator. With regard to the operations of Wind Power Plant, it goes hand-in-hand with the Local Electricity Board. The Plant is connected to the Main Power Grid of the Local Electricity Board. As per the renewable energy policy of the Government of Maharashtra, the quantum of electricity generated through the Wind Power Plant is fed to the grid, which gets set off against the power consumption towards High Tension (HT) installation of the 'Wind farmer' (which in this case is NSE) anywhere in that grid.

Accordingly, the aforesaid Wind Power Plant has generated 1,06,86,942 electricity units in the F.Y. 2022-23.

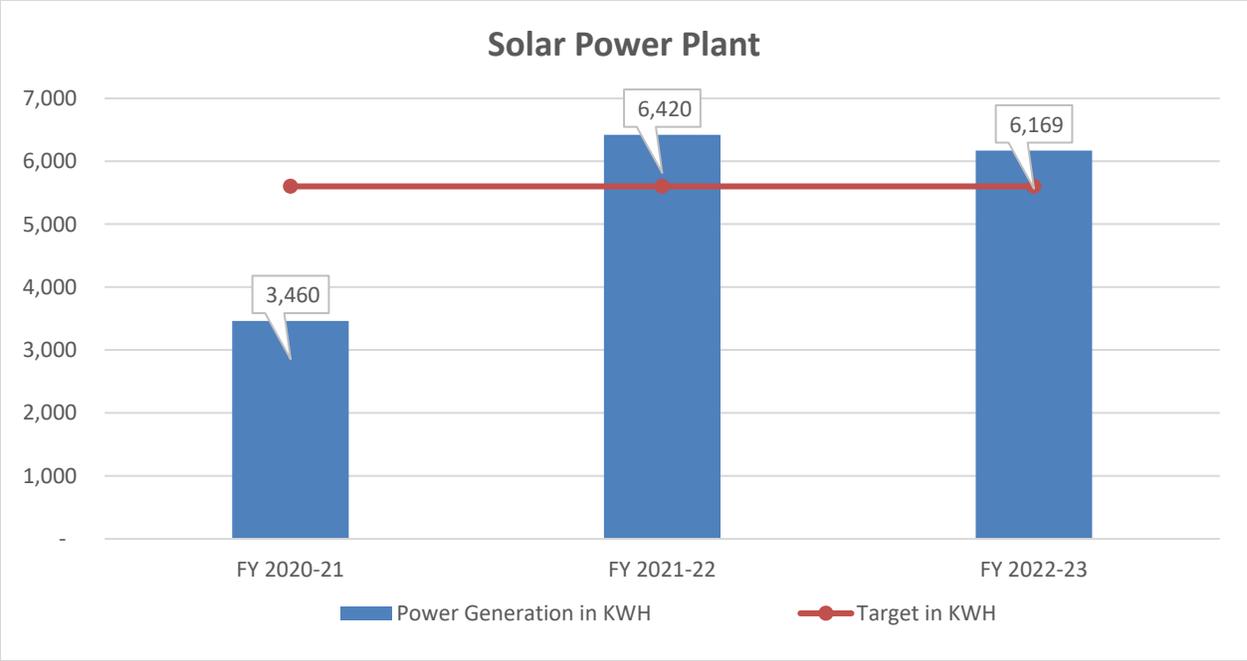

ii) Solar Power Plant:

The Solar Power Plant of a capacity of 10 KW has been installed in the building which harnesses the Solar Power to cater to a part of the lighting load at the Exchange Plaza. This way NSE group has saved around 6,169 units in F.Y. 2022- 23.

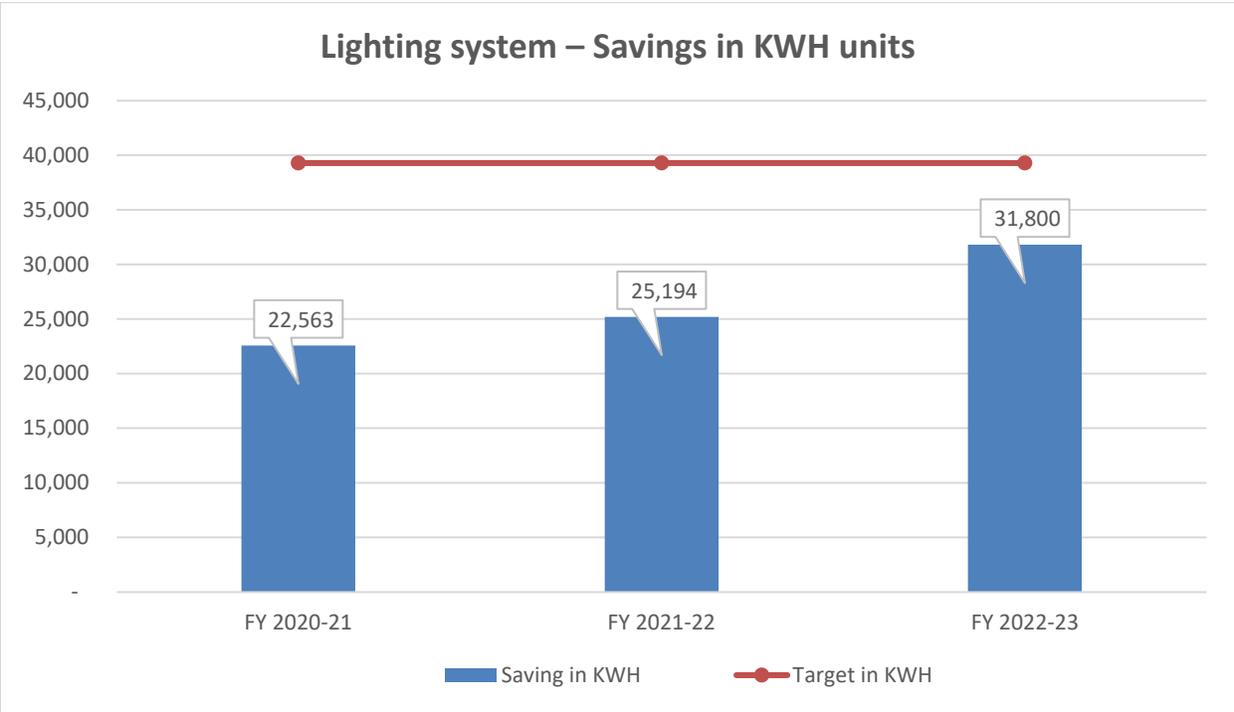

15.1.2 Energy Conservation:

i) Lighting Transformer and LED Lights:

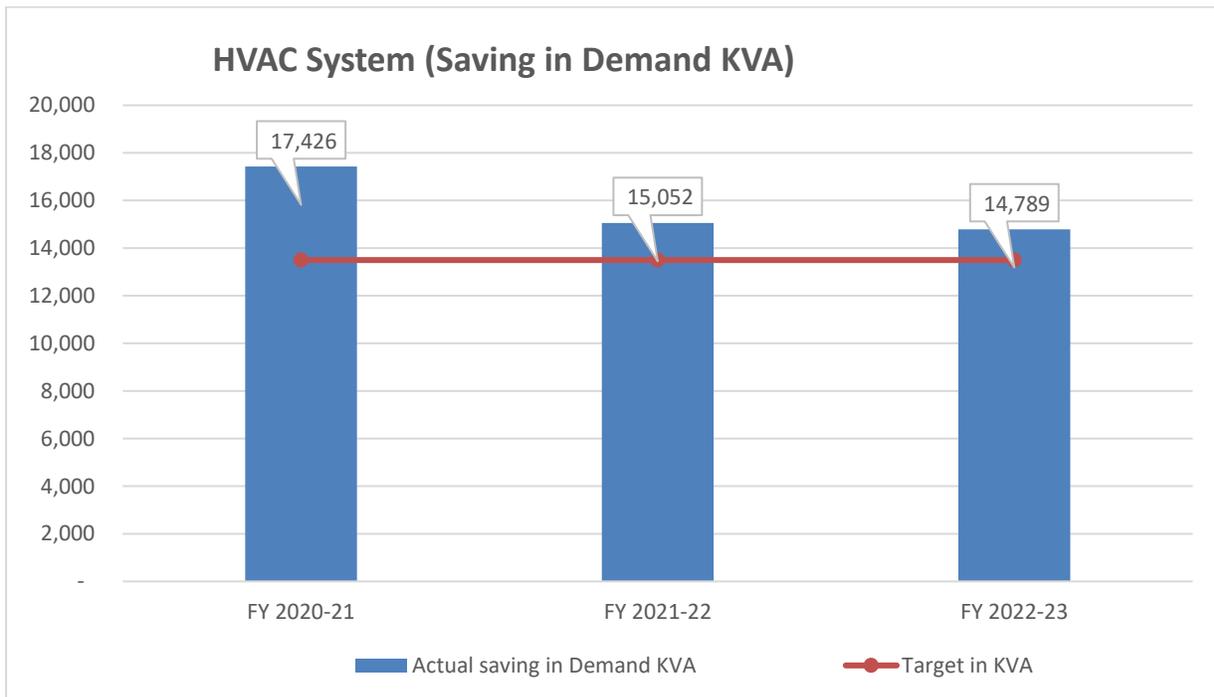

Lighting Transformers have been introduced in the lighting feeders to regulate incoming power supply which reduces excess power consumption and enhances the life of the luminaries. Additionally, LED Lights have been introduced across the entire office area. These measures have saved around 31,800 units in the F.Y. 2022-23.

ii) Thermal Energy Storage System:

Thermal Energy Storage System has been introduced in the Air-conditioning (AC) System at the Exchange Plaza. It was observed that most of the Services (i.e., AC Chillers, AHU's, Lifts, Lighting, PC, Plumbing System, etc.) in the building were operated mainly during office / day hours. Amongst them, the AC Chillers and its associated equipment would consume over 30% of the total peak demand load. In view of this, NSE group had decided to reduce its demand load during peak hours by introducing the aforesaid plant in the existing AC System. In this system, the AC Chillers are being operated at night hours to form the "Chill" (i.e., Glycol Water at a temperature below zero degree centigrade) which gets stored in a Thermal Storage Tank. The next day, the stored Chill is being utilised through Heat Exchangers for air-conditioning of the entire office area. On account of this, the services which were operating mainly during office hours have been distributed and NSE group had surrendered the extra power.

This way, NSE group has saved around 14,789 Demand KVA in the F.Y. 2022-23.

iii) Occupancy Sensors:

Motion/Occupancy Sensors have been installed at the entire office area to operate the lights automatically based on the occupancy in the respective areas.

iv) Building Management System:

A Building Management System (BMS) had been installed at the inception stage itself to enable NSE to operate the Building's Services more effectively. By using BMS System, the Air Handling Units (AHU) of air-conditioning system are being operated (i.e., switching

ON /OFF) as per the exact timetable scheduled for respective floors. It also helps NSE to regulate / control the temperature of the workspace area well within a prescribed tolerance. With this effective operation and regulation of AHU's, electricity is being conserved on a day-to-day basis

v) Automatic Power Factor Control Units:

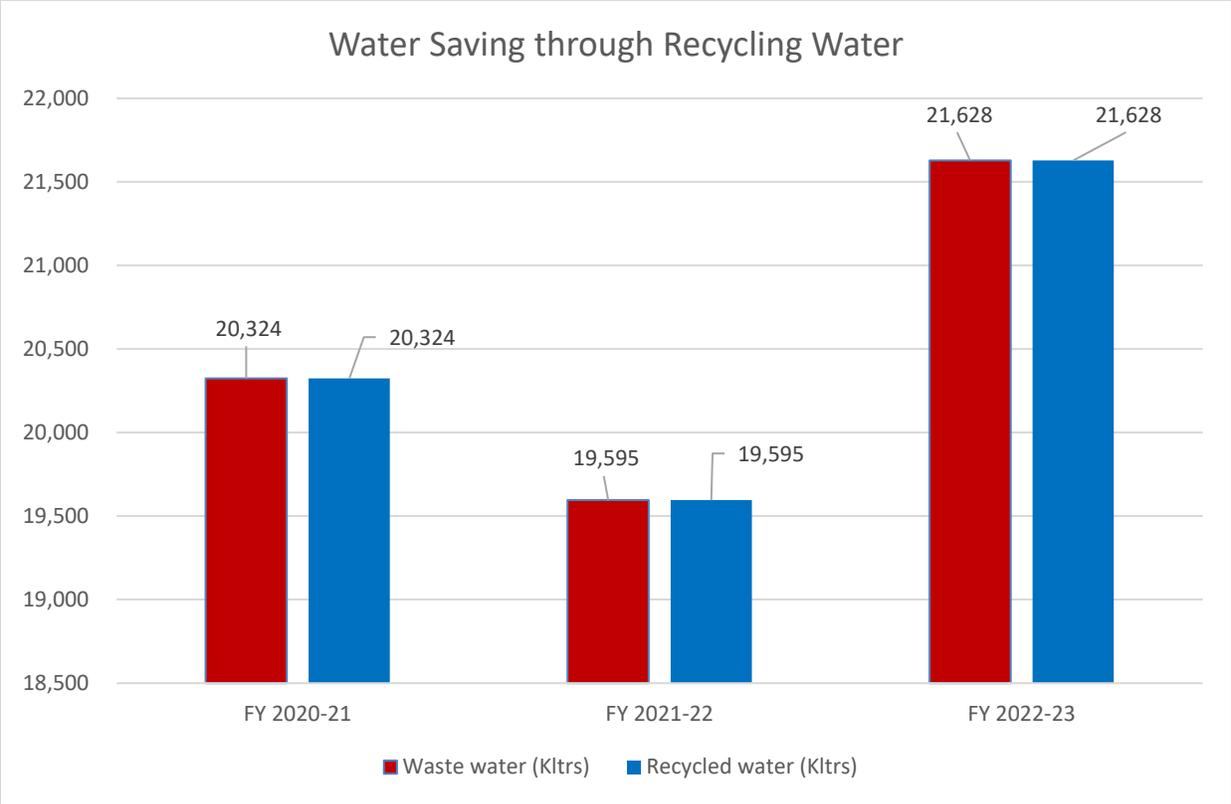

The Automatic Power Factor Control Units have been installed to improve the power factor (i.e., by counter-balancing the inductive load of the building with capacitive load) of the entire electrical load of the building. The Power Supplier provides incentives i.e., by passing certain discounts in the electricity bill on account of this regularly.

15.1.3 Water Management:

i) Water Recycling - Sewerage Treatment Plant:

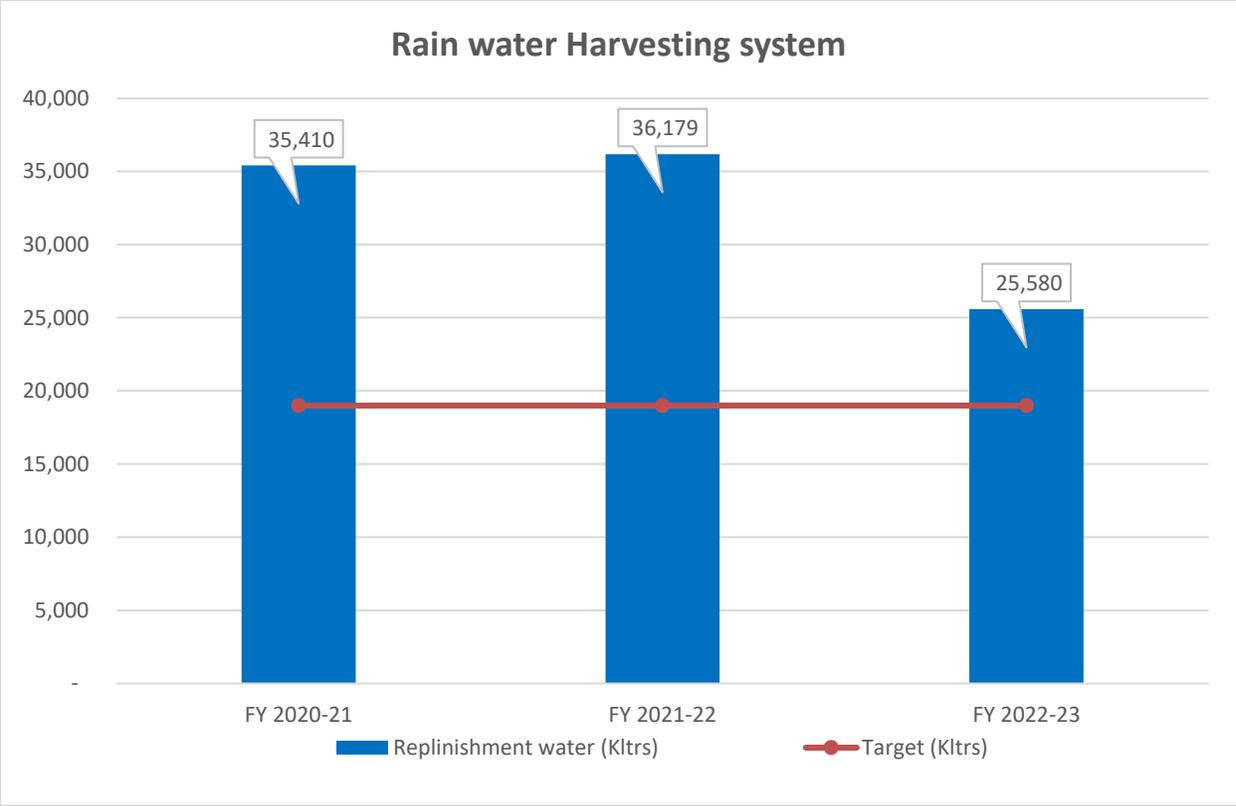

This plant has been installed at the inception stage itself to enable NSE to reuse building's domestic and flushing water (i.e., after treatment) for its Cooling Towers associated with the Air-conditioning System and for Gardening purposes every day. This way NSE group has saved around 21,628 Kiloliters of Water in F.Y. 2022-23.

ii) Rain Water Harvesting System:

Envisaging water scarcity in future as well as present water shortages, a proper Hydro - Geological survey was conducted at Exchange Plaza to explore the possibility of harvesting the rain-water in the periphery of Exchange Plaza. Accordingly, post survey and feasibility, Rain Water Harvesting System has been installed. By using this System, water is percolated into the soil in the Exchange Plaza campus.

15.1.4 Waste Management:

Vermiculture Plant:

The compostable material like food waste collected from the Canteen, Garden Organics and Paper and Cardboard gets collected at a single place. Post shredding, the aforesaid organic material gets loaded into Vermiculture plant for the decomposing process. Post 7 days of an on-going process, vermicompost / manure gets generated and is being used for Gardening purposes. This way NSE group has generated around 220 Kg of manure in the F.Y. 2022-23.

Waste Disposal:

The Company believes in reduce, recycle and reuse and manages its waste efficiently through various initiatives such as the Vermiculture system, Sewage treatment plant. We reduce the E-waste and ensure that the E-waste generated is recycled efficiently.

E- Waste - As per the NSE group E-Waste Policy, the E-Waste in the Exchange Plaza building as well as its Branch Office premises is recycled through authorized E-waste Vendor shortlisted by the Central Pollution Control Board (CPCB)/Maharashtra Pollution Control Board (MPCB).

Food Waste - Food waste generated at Company’s Exchange Plaza building is processed through Vermiculture System installed at its building wherein manure (i.e. Vermicompost) generated through it is used for Gardening purposes.

Water Recycling - Sewage water generated at the Exchange Plaza is recycled through Sewage Treatment Plant installed at its building and the processed water is used for secondary purposes i.e. for cleaning, for Cooling Towers associated with Heating, Ventilation and Air Conditioning (HVAC) System.

SECRETARIAL AUDIT REPORT

For the financial year ended March 31, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
NSE Clearing Limited,
Exchange Plaza, C-1, Block G,
Bandra Kurla Complex,
Bandra (East), Mumbai- 400051

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **NSE Clearing Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Auditor's Responsibility:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards requires that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has during the financial year ended on March 31, 2023 (hereinafter called the 'Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment (**Foreign Direct Investment and External Commercial Borrowings are not applicable to the Company during the Audit Period**);
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act');
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **(Not Applicable to the Company during the Audit Period)**
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 to the extent applicable;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not Applicable to the Company during the Audit Period)**
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; **(Not Applicable to the Company during the Audit Period).**
 - e. The Securities and Exchange Board of (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **(Not Applicable to the Company during the Audit Period)**
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **(Not Applicable to the Company during the Audit Period)** and

- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018. **(Not Applicable to the Company during the Audit Period)**

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure requirements) Regulations, 2015, (hereinafter "Listing Regulations) to the extent as referred in Regulation 33 of Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018;

We further report that having regard to the compliance system prevailing in the Company and on the examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with Securities Contracts (Regulation) (Stock Exchanges & Clearing Corporations) Regulations, 2018 which is specifically applicable to the Company.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and Listing Regulations.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance (except in four cases where meeting is convened at a shorter notice for which necessary approvals were obtained as per applicable provisions) and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines. The adequacy and efficacy shall read in context of reporting as specified in the report.

We further report that during the audit period, the Company received an Adjudication Order to pay penalty of ₹ 25,00,000 in the matter of Karvy Stock Broking Limited for alleged violation of Para 7 of SEBI Circular dated December 17, 2018 (Early Warning Mechanism Circular).

ANNEXURE 5 TO DIRECTOR'S REPORT

Annual Report of the CSR activities for FY 2022-23

NSE Group understands that the economic and social well-being of the community is closely interlinked to their habitats and the environment. NSE Group therefore strives to integrate triangulated focus to improve the quality of life of its identified beneficiaries towards creating inclusive societies, while meeting its social, economic and environmental responsibilities. CSR activities is one way in which the NSE Group reaches the triple-disadvantaged sections of society, which is undertaken through the NSE Foundation.

NSE Foundation was incorporated as a company under Section 8 of the Companies Act, 2013 on 5th March 2018, to initiate, supervise and co-ordinate activities to implement the Corporate Social Responsibility policy of NSE and its Group Companies as mandated under the Companies Act, 2013. Based on the Schedule VI in Section 135 of the Companies Act 2013, NSE Group has currently identified eight CSR areas as issues of concern to be addressed in the developmental landscape in India to be undertaken through NSE Foundation, a Sector- 8 Company. They are i) Primary Education, ii) Elder Care, iii) Safe Drinking Water & Sanitation, iv) Health & Nutrition v) Environment Sustainability, vi) Skill Development & Entrepreneurship, vii) Funding of incubators in academic institutions and other agencies and Disaster Relief and Rehabilitation.

The NSE Group CSR programmes seek to impact the most disadvantaged sections of the community by undertaking long-term impactful programmes with a strong emphasis on the behaviour change activities which are embedded in the programme design. The key change indicators in every programme strive to align with the nation's social development goals and the larger global sustainable development goals.

In addition to the focal areas of social intervention, a number of CSR activities such as environmental awareness, nature trails, blood donation camps, visits to the project sites etc. which engage and motivate employees to be socially responsible are undertaken by the CSR Society Focus Group of NSE Group.

Annexure-1: Summary of Impact Assessments undertaken in FY 2022-23

Primary Education

1. Alokito Shoishab (Enlightened Childhood) - Ensuring academic competency and life skills among children in government primary schools of Rajnagar block in Birbhum district, West Bengal

This programme was designed to work towards enhancing student learning outcomes of 118 government schools in Rajnagar Block. The aim of the project was to bring students (6-10 years) to their age-appropriate competency levels primarily in English, Bengali and Mathematics. Education centres were set up in the schools with trained para-teachers (Shikshan Mitras) who were recruited from the local community.

The key findings of the third-party impact assessment are given below:

- 70% of students achieved grade level proficiency in Bengali and Mathematics and 55 percent of the students assessed demonstrated grade level proficiency in English. This was a notable improvement over the baseline evaluation undertaken by the implementation partner that revealed that all of the children assessed were below their age-appropriate grade levels prior to participating in the programme.
- 82% of the students surveyed reported increased parental assistance in practicing Bengali reading aloud at home. As a result of attending sessions at the education centres, parents expressed satisfaction with their children's academic progress, and discussions with parents, community members, and other stakeholders revealed a noticeable improvement in parental involvement in their child's education.
- Shikshan Mitras interacted with parents once a week to talk about their children's progress in school and any other issues that might be present. The education centres and the learning focused environment supported the children such that their academic performance had improved due to the attention and the routine that was prevalent at the centres.
- Students from 25 of the sample 37 schools recalled topics discussed in the sessions such as good touch, bad touch, moral value stories, and other topics. One of the unique teaching aids that the Shikshan Mitras implemented, was in the creation of different hand-made teaching-learning tools that enhanced student learning abilities.
- 81.8% of the students surveyed had been attending Alokito Shoishab classes for more than a year, and 100% student stated that they enjoy attending sessions and the activities and teaching-learning materials utilized in the class.

2. "Prajwala" (education) - Strengthening the KGBVs of the state of Rajasthan to ensure quality education for all

This education programme under the integrated education and WaSH programme named "Prajwala", had undertaken interventions to improve girls' education through community-led solutions in Kasturba Gandhi Balika Vidyalayas (KGBVs). The KGBV scheme focuses

on providing girls from socially disadvantaged backgrounds with accessibility to residential schools. These were set up in Economically Backward Blocks (EBBs) of India where the rural female literacy was below the national average and gender gap in literacy more than the national average. This unique State-wide programme aimed at improving the quality education in both literacy and numeracy for girl students studying in 200 KGBVs of Rajasthan.

The key findings of the third-party impact assessment are given below:

- The eight districts with the over 95% passing rates are Ajmer, Alwar, Bundi, Dausa, Jaipur, Jhunjhunu, Nagaur, and Tonk
- With less than 40% of respondents passing the test, Banswara, Hanumangarh, Pratapgarh, Rajsamand, and S. Ganganagar were the five districts with the lowest performance.
- 376 students were assessed from the sixth grade and they received an average score of 49% in Hindi, 46% in Numeracy and 38% in English.
- Among the 2,046 responders in the seventh grade, an average of 52% scored well in Hindi, 49% in math, and 41% in English.
- An average of 54% in Hindi, 52% in numeracy, and 44% in English were scored among the 2,711 respondents from eighth grade.

3. “Prajwala” (education) - Strengthening the KGBVs of the state of Madhya Pradesh to ensure quality education for all

This programme was implemented in 207 Kasturba Gandhi Balika Vidyalayas (KGBVs)- Residential schools for girl students of Madhya Pradesh, to improve the quality of education (literacy and numeracy) for girl students in 52 districts of Madhya Pradesh.

The key findings of the third-party impact assessment are given below:

- The average respondents' score in Hindi, English, and Math, were 54%, 42%, and 47%, respectively.
- With a 100% passing percentage, Hoshangabad, Rajgarh, Ratlam, Seoni, and Ujjain are the top 5 performing districts.
- Amongst the 997 respondents in class 6th, 49% in Hindi was the average score, 46% in Numeracy and 38% in English.
- The average score among the 2,046 responders belonging to seventh grade was 52% for Hindi, 49% for Numeracy, and 41% for English
- The average score among the 2,711 responders belonging to eighth grade was 54% for Hindi, 52% for Numeracy, and 44% for English.

Safe Drinking Water and Sanitation

4. Swaccho Nirapad Parivesh (Clean and Safe Environment), Rajnagar Block, Birbhum, West Bengal

This WaSH programme implemented in the Rajnagar Block, Birbhum District, West Bengal aimed to retrofit WaSH infrastructure in 98 schools, 80 Anganwadi centres (AWCs) and 3 primary health centres (PHCs). The retrofitting work also laid special emphasis on creating menstrual health-friendly infrastructure at schools. Along with retrofitting, capacity-building and awareness-generation activities were also undertaken among the representatives of gram panchayats, students, teachers, members of the school development committees, workers at the AWCs and the communities.

The key findings of the third-party impact assessment are given below:

- 83% of the adolescent girl students confirmed that they did not have to be absent from their schools during their menstrual periods, following healthy menstrual health practices and gender-sensitive infrastructure at schools delivered by the programme.
- 97% of the community members agreed that there was a drastic reduction in the incidences of open defecation in the locality.
- The students displayed a positive behavioural change by adopting handwashing practices taught to them under the programme. The Child Cabinets at the schools played a significant role in driving this change in the students, as they monitored the cleanliness of the hands of the students regularly.
- The interventions of the programme were appreciated by the representatives of the gram panchayats. The Village Water and Sanitation Committee (VWSC) members also mentioned that the programme helped them to re-assess and understand their roles along with equipping them to discharge their duties more effectively.
- Co-financing worth INR 10,01,529 was mobilised from 100% of sites wherever the hardware infrastructure was constructed. It attributed to nearly 9% of the total project cost.

5. Everyone Forever - Water Services and Systems Strengthening, Rajnagar and Khoyrasol Blocks, Birbhum, West Bengal

This programme was implemented in 15 gram panchayats of the Rajnagar and Khoyrasol Blocks of Birbhum, West Bengal. Water points were installed under this programme in 98 schools, 80 AWCs and 89 villages to facilitate the access of safe drinking water to 31,180 beneficiaries. 7 mini piped water systems were also installed under the programme as a model in 7 villages spread across the two blocks, facilitating water supply to the households of the beneficiaries. Moreover, platforms and soak pits were constructed in existing water points for efficient wastewater management. Low-cost filters were also installed as a test case in several water points in the villages, schools, AWCs and health centres.

Jalabandhus, an army of water mechanics, were developed as part of the O&M system. The Jalabandhus were trained in plumbing, hand pump repair and water quality testing to ensure sustainability in O&M activities. Further, members of the Village Water Sanitation Committee (VWSC) were capacitated to effectively formulate Village Water Safety and Sanitation Plans (VWSSPs) in all Gram Panchayats, which eventually formed the basis of the Gram Panchayat Development Plan (GPDP). Advocacy with the local representatives of the government also was an integral part of the programme.

The key findings of the third-party impact assessment are given below:

- 98% of the 1,506 community members interviewed confirmed that their access to safe drinking water had improved because of the new water points installed through the programme.
- 92% of the teachers found the water quality as “good”. 96% of students reported falling sick less often of waterborne diseases after the intervention.
- 100% of the teachers rated the efficacy of the child cabinets and the Water and Sanitation Committees from ‘good’ to ‘excellent’.
- 87% of the teachers observed that the communities were playing a positive role in maintaining school cleanliness.
- 73% of AWC workers agreed that the intervention completely solved their problem of access to water points.
- 81% of the community members confirmed that the mini piped water system model improved their access to drinking water substantially. 63% of the community members mentioned that the water quality had improved because of the intervention.
- 100% of Jalabandhus received training and were active. 93% of Jalabandhus reported 25% increase in monthly income because of the programme.
- 76% of the community members confirmed they received training on various aspects of WaSH. 78% knew about waterborne diseases. 75% of AWC representatives observed a positive impact in the community– mostly regarding change in their WaSH behaviour.
- 64% of Gram Panchayat representatives rated community awareness as ‘very good’ to ‘excellent’. The remaining 36% Gram Panchayat representatives rated community awareness as ‘good’.
- The project ensured co-financing from all institutions where WaSH renovation work was carried out. Co-financing worth INR 76,21,551 has been mobilised from Gram Panchayat and Block administration and INR 10,07,606 from community and schools for all the sites where hardware infrastructure has been constructed.

6. Swaccho Nirapad Parivesh (Clean and Safe Environment), Khoyrasol Block, Birbhum, West Bengal

This WaSH project was undertaken in 10 Gram panchayats of Khoyrasol Block of Birbhum, West Bengal. Under the programme, sanitation infrastructure at schools and the AWCs were augmented to ensure running water and improved sanitation. Rainwater recharge shafts and soak pits were constructed as model cases with a view to facilitating groundwater recharge and efficient management of wastewater. As part of software components, formation and strengthening of child cabinets and school development committees was undertaken in schools. The members of the Village Water and Sanitation Committees were capacitated to discharge their duties effectively and support O&M of the programme.

The key findings of the third-party impact assessment are given below:

- 96% of the students confirmed that they had handwashing facilities and running water was available inside their school toilets and 99% of the interviewed students confirmed knowledge on how and when to wash their hands.
- 90% of the mothers said the water supply was adequate in the AWCs.
- 100% of the teachers from the primary schools confirmed that their respective schools had functional School Development Committees (SDCs). 87% of the teachers confirmed that the SDCs met at least once a month to discuss issues concerning school development. 98% of the teachers observed that the SDCs were very actively driving the agenda of cleanliness and developmental issues for the benefit of the schools.
- 100% of the Gram Panchayat representatives confirmed that the incidences of waterborne diseases came down in their respective areas because of the intervention.
- 67% of the community members believed that they had a role to play in keeping their surroundings clean after attending the triggering events.
- 75% of the teachers thought that the cleanliness of the toilets at their schools had improved.
- 100% of students confirmed that they had child cabinets in their schools. 87% of teachers rated the effectiveness of child cabinets 'good' or 'very good'. 89% of teachers felt that the Child Cabinets always performed their duties.
- 95% of teachers observed a positive behavioural change in WaSH practices in their students as a result of the programme.
- The Gram Panchayats and the schools co-financed the programme.

7. “Prajwala”- Promoting WaSH Compliant in Kasturba Gandhi Balika Vidyalayas, Madhya Pradesh

The project aimed at making 207 Kasturba Gandhi Balika Vidyalayas (KGBVs) in Madhya Pradesh ‘WaSH compliant’. This project included two key components, hardware (infrastructural repairs and renovations) and software (awareness sessions).

KGBV scheme was launched in 2004 by the Ministry of Education, Government of India. The scheme focuses on providing girls from socially disadvantaged backgrounds with accessibility to residential schools. These were set up in Economically Backward Blocks (EBBs) of India where the rural female literacy level was below the national average and gender gap in literacy was more than the national average.

The key findings of the third-party impact assessment are given below:

- 75% of students rated the quality of toilets as either ‘Excellent’ or ‘Good’. Students mentioned that before the intervention, doors used to be broken or the locks were not functional. Post the repair work, students have access to safe structures with locks and doors.
- 79% of the students rated handwashing units as either ‘Excellent’ or ‘Good’. During interactions, they highlighted that availability of multiple units allowed 7-8 students to wash hands simultaneously.
- 61% of the students rated dish washing stations as ‘Excellent’, and 56% of the students rated cloth washing stations as ‘Excellent’. During interactions with the staff members, it was noted that separate spaces helped KGBVs maintain cleanliness.
- 76% students agreed that WaSH and MHM awareness sessions were conducted. During the interactions, students highlighted that they regularly discuss issues related to menstruation with their peers and senior students.
- The study also used a Knowledge Attitude and Practices study to understand students’ perspective and behaviour on WaSH. 5,754 students were found to have a clear knowledge and understanding on “What / Why and How” of maintaining good hygiene. In terms of attitude and behaviour, students practiced safe sanitation and focused on spreading awareness among their family and friends.

8. “Prajwala”- Swachh Balika, Swachh Vidyalaya- Validating Scalable Models for WaSH in Kasturba Gandhi Balika Vidyalayas, Rajasthan

With the aim of making 200 Kasturba Gandhi Balika Vidyalayas (KGBVs) in Rajasthan ‘WaSH compliant’, this project focused on functional toilets/urinals, strengthened safe drinking water access, clean surroundings and basic information and adaptation of critical hygiene practices including MHM and strengthening institutional practices to ensure operations and maintenance. The project aimed at making 200 KGBVs, water, sanitation, and hygiene (WaSH) compliant and reached out to approximately 20,146 girl students.

The key findings of the third-party impact assessment are given below:

- 75% of students rated handwashing units as either 'Excellent' or 'Good' respectively. This indicated overall satisfaction with the quality of handwashing units.
- 59% and 55% of students rated dish washing and cloth washing stations as 'Excellent' respectively. During the interactions it was noted that students and staff both had a clear understanding of the importance of keeping surroundings clean. The area near the dish and cloth washing units was hygienic and well maintained.
- 64% and 65% of students agreed that WaSH and MHM awareness sessions respectively were conducted. During interactions, it was noted that 4,028 students understood the key steps in handwashing. Also, they mentioned the use of soap to wash their hands before and after meals.
- Knowledge, Attitude, and Practice study was used to understand the as-is situation of WaSH among students. During interactions, 100% of students were able to explain their perspective on maintaining good health. They also discussed the importance of cleanliness and hygiene with their families and peers.

9. Ensuring Sustainable Drinking Water Safety and Security in the identified Schools and Habitations in The Nandurbar and Navapur Blocks of The Nandurbar District

This project was undertaken to address the need for access to safe drinking water in all seasons across 20 habitations (Nandurbar and Navapur blocks, Nandurbar district) through solar mini piped water supply scheme. This also included innovative methods for storage by community engagement in planning and implementation. Additionally, the project ensured water supply in Schools and Anganwadis. This project was a demonstration of the Swajal scheme of the Govt. of India.

The key findings of the third-party impact assessment are given below:

- Before project intervention, 87.5% of the community members used hand pumps as the primary source of water. Post interventions 99.7% of the households, stand posts provided by NSE Foundation have become the main source of water.
- Post the project intervention, 92.3% of the beneficiaries have provision of water within 100m from their homes in comparison to the 35% of beneficiaries before project interventions.
- It was also recorded that prior to the programme, only 17.3% of households could fulfil their water requirements within 30 minutes. Post the programme, 91.7% of households need less than 30 minutes to fetch water.
- The project infrastructure includes innovative system components such as non-electric online chlorinators for water purification and metallic bolted tanks for water storage.

- 20 Village Water Sanitation Sub-committees (VWSSCs) were set up in each habitation and are responsible for the operations and maintenance (O&M) of the water supply schemes.

10. Technical Assistance for implementing Community led village water safety & security (VWSS) in villages from Karauli District, Rajasthan, and its mainstreaming in Jal Jeevan Mission

This project was a demonstration in alignment with the Jal Jeevan Mission (JJM) through community engagement in planning and implementation to address the need for access to safe drinking water in all seasons in 20 habitations of Karauli (Sapotra & Mandrail Blocks). The objectives of the project were to facilitate the implementation of a community-led Village Water Safety and Security (VWSS) plan and drinking water supply scheme in partnership with local government agencies and Public Health and engineering Department (PHED) to ensure the sustained availability of safe and secured water supply in the selected villages. This project also strengthened the capacity of local government agencies and PHED to integrate a community-led approach in JJM and other government water supply schemes to ensure sustainable service delivery. In addition to the above, this project also demonstrated innovative practices and technologies for water disinfection, optimizing water demand for agriculture and other competing uses.

The key findings of the third-party impact assessment are given below:

- Majority of the villagers (89.8%) were dependent on different sources like borewells, private wells, ponds & rivers for getting drinking water before project intervention.
- The villagers had to spend a minimum of 30 minutes up to more than 2 hours every day to fetch water, based on the distance of the available water sources.
- Earlier, the villagers had to travel an average distance of 730.12 mts during the non-scarcity period and 1103.49 mts during the scarcity period to fetch water. Post the programme, villagers have to travel an average distance of 184.18 mts during the non-scarcity and 390.28 mts during the scarcity period to fetch water.
- 93% of beneficiaries stated they were satisfied with the availability of water supply, with 4.8% stating that they were highly satisfied.
- 68.2% of the beneficiaries stated that they have started using boiled water for drinking.
- Most of the respondents (72.6%) reported that water availability has increased post-intervention.

11. Promoting Sustainability of WaSH facilities and Child Centered Governance in the Schools of Rameswaram Island

This school WaSH programme was initiated to enhance the access to clean and safe drinking water, toilets, and other WaSH facilities to ensure a disease-free environment in government schools in the Rameswaram island of Tamil Nadu.

The programme had components for hardware and software activities. As part of hardware interventions, this project included piloting, repairing and retrofitting of WaSH infrastructure. In software interventions, the programme focused on changing behaviors of students as well as generating awareness among the community at large towards adoption of recommended WaSH practices. Additionally, the capacities of the school staff were developed to enable them to sustain operations and maintenance of the infrastructure.

The key findings of the third-party impact assessment were:

- The infrastructural assessment highlighted that 100% of the piloted toilets, rainwater harvesting units, and retrofitted and repaired handwashing stations were fully functional and well-constructed or installed as per the parameters assessed.
- It was also recorded that 87.5% of drinking water stations and 71.4% of piloted hand washing stations were fully functional.
- All surveyed students reported using the school toilets during school hours and 81% of male students admitted to having changed their habits from open urination to usage of toilets at school.
- More than 85% of the students surveyed recollected the content of awareness sessions conducted by the programme team.
- The interventions for behaviour change resulted in 100% of the students surveyed being aware of the importance of drinking safe water and regular hand washing. 72.1% of students surveyed stated that they encouraged their parents to purify water and only drank boiled or filtered water at home. 80.4% of parents and 100% of the teachers and school principals surveyed corroborated the enhancement in children's WaSH-related behaviour and attitudes.
- 100% of the students surveyed reported using the toilets at school. This has suggested a notable shift from the baseline stage at which 77.1% of students reported using the toilets at school in a day.
- Teachers from 76.9% of the surveyed schools, reported having access to separate toilets for students and staff of different genders.
- 100% of the teachers surveyed noted that their school displays WaSH related posters and materials for promoting hygiene education. 90% of the schools have wall paintings displayed as well.

12. Building Water Security for Green Rameswaram

The water security programme was initiated to enhance access to safe drinking water and water among other uses, to build water security among the communities in Rameswaram island, Tamil Nadu. The programme reached 2,174 households with provision of community water drinking plants and 1,508 beneficiaries through the rainwater harvesting systems.

The programme adopted two approaches to fulfil its objective - with components clubbed under either 'hardware' or 'software' activities, this project constructed infrastructure and installed equipment such as community RO plants. Additionally, the programme focused on generating awareness among community members on sustainable use of water and sanitation and hygiene practices as well as driving behaviour change towards the adoption of recommended practices.

The key findings of the third-party impact assessment are given below:

- 100% of the RO plant users interviewed relied fully on the water from the RO plant to meet their drinking needs. 83.3% of the user respondents reported having access to sufficient water throughout the year from the RO plant, even during the summers.
- 75.3% of respondents distinctly linked the reduction in stomach infections and diarrhea to improved access to safe drinking water.
- Community members saved 50% of the money planned on purchasing water from private vendors as a result of having access to cleaner and safer water through RO plants. Similarly, annual savings from kitchen gardens, biogas plants, vermicompost pits, and rainwater harvesting facilities ranged between 29,000 and 33,000 rupees.
- 70% of the respondents reported that they were able to use the harvested rainwater all-round the year. All users surveyed reported using rainwater for drinking and cooking purposes.
- According to the vermicomposting pit users interviewed, the average amount of compost generated was around 40 kgs per month. This had enabled all respondents to partially or fully reduce their dependence on purchasing chemical fertilizers from the market.
- 61.1% of the soak pit users surveyed rejuvenated 3-6 buckets of water through the pit on average on a daily basis.
- 80% of the respondents noticed a reduction in the level of water stagnation in and around their homes and 72% reported a reduction in the incidence of vector-borne diseases since the installation of the pit.
- From the kitchen garden owners, 65% of them sold the excess fruits and vegetables grown in their garden in the market as well. All respondents reported collecting grey water from their homes specially to utilise in the kitchen garden.

Elder Care

13.Disha- Sustainable livelihood by way of providing skill training and employment / self-employment for rural elderly men and women from Birbhum, West Bengal

This project aimed at training the rural elderly in two specific occupations: beekeeping (apiculture) and the production of neem oil and neem cake. These two activities do not involve extensive physical labour thus were chosen by the senior citizens as options for income generation activities for economic independence. These activities were intended to help build the elders' financial security, self-esteem, and a social circle – all of which were identified as crucial components to lead a dignified life. The project was implemented for men and women over the age of 55 in 7 gram panchayats across 2 blocks (Rajnagar and Khoyrasol) in Birbhum district, West Bengal.

The key findings of the third-party impact assessment are given below:

- 100% of the group leaders have stated that they were confident in their capacity to sell honey and manage hives with more independence.

- 100% of respondents who extract neem oil and neem cake from seeds reported co-owning machines with other self-help group members and earning an average of Rs. 5,000 per month from the sale of neem oil and neem cakes.
- The project designed a sustainability plan with the aim of identifying a group of beneficiaries in the form of group leaders who would engage in activities with other beneficiaries to manage, maintain, and migrate the hives independently with a phased reduction of dependence on the programme team.
- 100% of the respondents surveyed reported being training on readiness skills from the programme team, where beneficiaries displayed a high level of familiarity with jointly managing and maintaining the beehives. 100% of the group leaders have stated that they were confident in their capacity to sell honey and manage hives with more independence.

Disaster Relief and Rehabilitation

14. Disaster Relief Project in Tamil Nadu- Gaja Cyclone

This project was implemented to address the devastating impact of Gaja Cyclone in Tamil Nadu. The programme reached 10,762 students to provide post disaster relief across 30 schools in Nagapattinam and Thanjavur impacted by the cyclone in close coordination with the Government. The programme focused on hardware activities such as WaSH based infrastructural repairs and renovation. It also included software activities such as awareness sessions on health and hygiene.

The key findings of the impact assessment are given below:

- It was noted that 100% of the 30 schools had functional boys/staff/girls' toilets.
- 86% of the infrastructure was in usable condition for the benefit of the students and school staff while 8% of the infrastructure required minor repairs.
- Construction of 27 incinerators in girls' toilets coupled with awareness sessions led to behaviour change among girl students. It was observed that 100% of girls disposed of their used sanitary pads in the incinerators and were burnt every two-three day to ensure proper waste disposal.
- Development of WaSH IEC material was a medium to disseminate information to the students. It consisted of colorful and informative wall paintings in local languages, which also served as a learning tool for the students.
- Awareness sessions helped students understand the importance of personal hygiene, menstrual health, and waste management. Students became aware of the need for hygiene to avoid diseases.

with due diligence and care, and in the best interest of the Company and the shareholders.

8. The Board of Directors shall encourage continuing Directors' training to ensure that the members of the Board of Directors are kept up to date.
9. Where decisions of the Board of Directors may affect different shareholder groups differently, the Board of Directors shall treat all shareholders fairly.
10. The Board of Directors shall maintain high ethical standards and shall take into account the interests of stakeholders.
11. The Board of Directors shall exercise objective independent judgement on corporate affairs.
12. The Board of Directors shall consider assigning a sufficient number of non-executive members of the Board of Directors capable of exercising independent judgement to tasks where there is a potential for conflict of interest.
13. The Board of Directors shall ensure that, while rightly encouraging positive thinking, these do not result in over-optimism that either leads to significant risks not being recognised or exposes the entity to excessive risk.
14. The Board of Directors shall have ability to step back to assist executive management by challenging the assumptions underlying strategy, strategic initiatives (such as acquisitions), risk appetite, exposures and the key areas of the Company's focus.
15. When Committees of the Board of Directors are established, their mandate, composition and working procedures shall be well defined and disclosed by the Board of Directors.
16. Members of the Board of Directors shall be able to commit themselves effectively to their responsibilities.
17. In order to fulfil their responsibilities, members of the Board of Directors shall have access to accurate, relevant and timely information.
18. The Board of Directors and Senior Management should facilitate the Independent Directors to perform their role effectively as a member of the Board of Directors.

B. BOARD MEETINGS

❖ Schedule of Board / Committee meetings

The dates of the Board / Committee and the Annual General Meeting are proposed in advance. The final annual schedule that is fixed is circulated to all the Directors as part of the agenda in the Board meeting for information. The Company Secretary attends all Board meetings and generally assists Directors in the discharge of their duties and also ensures good information flow within the Board and between the Board and Senior Management. In addition, the Company Secretary attends to secretarial and Board governance matters and is responsible for ensuring that Board procedures are followed.

Voting on a resolution in the meeting of the Governing Board is valid only when the number of PIDs that have cast their vote on such resolution is equal to or more than the number of Shareholder Directors who have cast their vote on such resolution.

❖ Board agenda

The Board agenda is prepared by the respective departments and are finalised in consultation with the MD. The Board agenda and notes thereof are ordinarily sent to the Directors in advance to enable them to read and comprehend the matters to be dealt with and seek further information / clarification, if required.

The agenda of the Board meetings is managed in such a way that it allows for flexibility when it is needed. Directors are provided with complete information related to agenda items in a timely manner. Wherever it is not practicable to attach any document to the agenda, the same is tabled before the meeting with specific reference to this effect in the agenda. In special and exceptional circumstances, additional or supplementary items on the agenda are permitted after obtaining permission of the Chairman of the Board/Meeting and with the concurrence of the Independent Directors.

The Board has chosen to receive all its agenda papers electronically for all its Board and Committee meetings and has eliminated the need for hard copy of Agenda Papers. However, the hard copy of the Board agenda papers are sent to the Directors at specific request. The agenda papers for Board and Committee meetings are uploaded onto a secure portal which can be accessed digitally.

At the quarterly Board meetings, the MD gives a comprehensive update on NCL's business and operations. The CFO presents the financial performance and significant financial highlights. Certain business heads provide an update on their areas of business and Key Management Personnel are present at Board meetings, when required. Agenda also includes minutes of the meetings of all the Board Committees and the unlisted subsidiary (NSE IFSC Clearing Corporation Limited) for the

information of the Board.

For any business exigencies, the resolutions are passed by circulation and later placed at the subsequent Board / Committee Meeting for noting. The Chairpersons of various Board Committees brief the Board on all the important matters discussed and decided at their respective Committee meetings, which are generally held prior to the Board meeting. Any feedback or observations made by the Board, wherever necessary, form part of the action taken report for their review at the subsequent meetings.

The Company also provides regular updates to the Board members on material changes to regulatory requirements applicable to the Directors periodically.

The minutes of Board meetings are prepared with details of the matters considered by the Board and are reviewed by the Managing Director before being circulated to the other Directors for their comments.

Following the Board and Committee meetings, an effective post meeting follow-up, review and reporting process is undertaken for the decisions taken by them. Important decisions taken at Board / Committee meetings are communicated promptly to the concerned departments.

(3) Separation of Offices of Chairperson & Chief Executive Officer

The Company has been following the principle of separation of the role of Chairperson and the Chief Executive Officer. Mrs. Bhagyam Ramani is the Non-Executive Interim Chairperson of the Board. Mr. Vikram Kothari is the Managing Director of the Company and is entrusted with the day-to-day management of the affairs of the Company. The Managing Director carries out his functions subject to superintendence, control, and management of the Board of Directors of the Company.

D. On-going familiarisation programme for existing Directors of the Board

The Company conducts orientation programs for Directors covering various operations of the Company so as to familiarise themselves with the various functions being carried out by the Company. The details of familiarization programmes imparted to independent directors are given in the Company's website:

https://www.nscclindia.com/sites/default/files/disclosure-doc/2023-04/Familiarisation Programmes to independent Directors 2022_23_0.pdf

The Company also provides training in various fields such as operation, risk management, compliance, information security, etc. to all the Directors regularly. Every Director inducted on the Board is well known in the financial services industry and has the ability to understand basic financial statements and information and related documents/papers.

The regular updates inter-alia provided by the Company to the Board include the following:

- Annual capital and revenue budgets and updates
- Quarterly financial results
- Status report on the operations of different segments
- Status of Clearing & Settlement Operations
- Status of Compliance of Operational Norms
- Minutes of the meetings of Audit Committee and other committees of the Board
- Risk Management measures undertaken
- Cyber Security
- Strategic Initiatives
- Regulatory updates
- Details of foreign exchange exposures and the steps taken to limit the risk of adverse exchange rate movements.
- Other information, which is required to be placed before the Board as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is taken to the Board as and when the event occurs.

A quarterly report on compliance of various laws, rules, and regulations, to which the Company is subjected, is placed before the Audit Committee for its review. The Audit Committee from time to time reviews the report and gives suggestions for improvement of compliance level/process. On its review, a consolidated report on a quarterly basis is placed before the Board at its subsequent meetings. Besides the above, the compliance certificate as envisaged in Regulation 17 of SEBI (LODR) Regulations, 2015 is also provided to the Board by the Managing Director and the Chief Financial Officer.

❖ **Succession planning**

NSE Clearing Limited has formulated and adopted a policy on succession planning for the Board, Managing Director, Key Management Personnel and Critical roles.

E. Code of Conduct

A code of conduct for Directors and Senior Management Personnel of the Company is framed. They have affirmed compliance with the Code of Conduct. As per the requirement of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Code of Conduct, has been hosted on the website of the Company. The Managing Director of the Company has affirmed to the Board of Directors that the Code of Conduct has been complied by the Directors and senior management personnel and the same is attached herewith and forms part of Corporate Governance Report.

As per the requirement of the SEBI (LODR) Regulations, 2015, the code of conduct, has been hosted on the website of the Company at

F. Independent Directors/ Public Interest Directors (PID)

(1) Independent Directors on the Board of NCL are not less than 21 years in age and do not hold any shares in NCL.

(2) Attributes

The Company as a policy inducts only those persons as Independent Directors who have integrity, experience and expertise, foresight, managerial qualities, and ability to read and understand financial statements.

(3) Tenure

The tenure of Independent Directors is in line with the directives issued by SEBI from time to time.

(4) Freedom to Independent Directors

The Company takes all possible efforts to enable the Independent Directors to perform their functions effectively. However, as per SEBI requirement, the elected directors shall not interfere in the day-to-day management of the Company and focus on the informed and balanced decision making especially on issues of strategy, performance, risk management, resources, key appointments and standard of conducts. The Company always strives to strike a balance between both the above requirements without compromising on compliance of such requirements.

In the opinion of the Board, the Independent Directors fulfill the conditions specified in SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 and are independent of the management.

The evaluation exercise in terms of Schedule IV of the Companies Act, 2013 was carried out in a separate meeting of Independent Directors held on April 24, 2023, for this purpose. At the Board Meeting, the performance of the Directors was evaluated by the entire Board except the person being evaluated.

The performance of the Committees was evaluated by the Board. The Board also carried out the evaluation of their own performance apart from its committees and individual Directors.

G. Remuneration of Directors

In order to align compensation levels with market levels and at the same time attract, retain and motivate Directors of the quality required to run the company successfully, the compensation being paid to Managing Director is periodically reviewed and revised. The remuneration includes both fixed and variable components. The Company pays only sitting fee to its Non-executive Directors. The terms and conditions of appointment of Independent Directors/Public Interest Directors and Shareholder Directors are governed by the provisions of the Companies Act, 2013 & Rules laid down thereunder, Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018, SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 and the circulars issued thereunder by SEBI. The terms and conditions of service in respect of the Managing Director of the Company are governed by the resolution passed by the shareholders, provisions of the Companies Act, 2013 & Rules laid down thereunder, Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018 and the circulars issued thereunder by SEBI.

As per the terms of appointment, the non-executive directors are not eligible for severance pay or notice period. The Managing Director is not eligible for severance pay. The notice period for the Managing Director is three (03) months.

SEBI had laid down certain norms in terms of the compensation policy for the Key Management Personnel which are as under: -

- a. The variable pay component will not exceed one third of the total pay. 50% of the variable pay will be paid on a deferred basis after 3 years.
- b. ESOPs and other equity linked instruments shall not be offered or provided as part of the compensation for the Key Management Personnel.
- c. Compensation will be subject to malus and claw-back arrangement as per prevailing SEBI/SECC Rules & Regulations.

Accordingly, the Company has framed Remuneration policy in conformity with norms specified by SEBI for its employees, which include Key Management Personnel and the Managing Director. For details on the Remuneration Policy, please refer to the Annexure 4 to the Board' Report.

None of the Directors of the Company hold any shares or any convertible instruments of NCL.

III. Committees of the Board

Currently, there are five Committees of the Board required as per the Companies Act namely the Audit Committee, Nomination & Remuneration Committee, Stakeholder Relationship Committee, Corporate Social Responsibility Committee and Risk Management Committee

The terms of reference of the Board Committees are determined by the Board from time-to-time. Meetings of the Board Committees are normally convened by the respective Committee Chairman. Matters requiring the Board's attention / approval, as emanating from the Board Committee Meetings, are placed before the Board with clearance of the Committee Chairman.

All the recommendations made by Board Committees during the year were accepted by the Board. The Minutes of the Board Committee Meetings are placed before the Board for its information. The role and composition of these Committees, including the number of meetings held during the financial year and the related attendance, are provided below:

(A) **Audit Committee**

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial information to be provided to the shareholders and others, the systems of internal controls, which the management and the Board of Directors have established, financial reporting and the compliance process. The Committee maintains open communication with statutory auditors, internal auditors,

and operational auditors. The Internal Auditors report directly to the Audit Committee.

The Audit Committee reviews the reports of the internal auditors, operational auditors, statutory auditors, and secretarial auditors. The terms of reference of Audit Committee are as per the provisions contained in the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Audit Committee consists of three Directors viz., Mrs. Bhagyam Ramani, Mr. G S Hegde and Mr. Golaka C Nath as its members with Mrs. Bhagyam Ramani as its Chairperson. The Committee met five times during the year i.e., April 28, 2022, August 04, 2022, November 02, 2022, January 30, 2023 and March 15, 2023, respectively. COMPLIANCE CERTIFICATE - DISCLOSURE REQUIREMENTS & CORPORATE GOVERNANCE NORMS

To,
The Board of Directors,
NSE Clearing Limited
Exchange Plaza, C-1, Block G,
Bandra Kurla Complex,
Bandra (East), Mumbai 400051

We have examined all relevant records of NSE Clearing Limited for the purpose of certifying compliance of the disclosure requirements and corporate governance norms as specified for the Listed Companies for the financial year ended March 31, 2023.

In terms of Regulation 33(1) of the Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018, the disclosure requirements and corporate governance norms as specified for listed companies have become mutatis mutandis applicable to a recognized Clearing Corporation. We have obtained all the information and explanations to the best of our knowledge and belief, which were necessary for the purpose of this certification.

The compliance of the conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the disclosure requirements and corporate governance norms. This certificate is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with disclosure requirements and corporate governance norms as specified for Listed Companies.

Statement by MD

Dear stakeholders,

I am honoured to present our inaugural Business Responsibility Sustainability Report, a comprehensive testament to our unwavering commitment to sustainable practices and responsible business operations. At NSE Clearing Limited (NCL), we believe that sustainability lies at the heart of our corporate vision, and it is with immense pride that we share the progress we have made on our sustainability journey. This report serves as a testament to our proactive approach in addressing the complex challenges posed by the global environmental crisis and societal expectations. We recognize the urgency and significance of these issues and are steadfastly dedicated to shaping a more sustainable future.

We believe that effective sustainability management must be ingrained into the fabric of our organization, woven seamlessly into our operations, and embraced by every individual within the company. Our commitment extends beyond mere compliance; it is a pledge to continuously raise the bar and set new benchmarks for environmental stewardship, social impact, and corporate governance. Our relentless pursuit of innovative solutions has significantly reduced our carbon footprint, while our resource management practices have enhanced operational efficiency and minimized waste generation. Additionally, we have actively championed diversity and inclusivity, fostering a workplace culture that values every individual's unique perspective and contribution.

Collaboration with our stakeholders has been instrumental in our sustainability endeavours. We extend our gratitude to our partners, suppliers and employees, who have joined us on this journey towards a more sustainable world. It is through these partnerships that we have been able to drive meaningful change and achieve remarkable outcomes.

We acknowledge that our sustainability journey is an ongoing pursuit, and we remain committed to continuous improvement. We embrace the challenges ahead, viewing them as opportunities to innovate and deliver impactful solutions that will leave a lasting, positive imprint on the planet and society.

Our maiden Business Responsibility and Sustainability Report symbolizes a milestone, a declaration of intent, and a testament to the transformative power of sustainability within NCL. We are resolute in our commitment to sustainability and will continue to take bold steps in shaping a better, more sustainable world.

Thank you for joining us on this journey.

Sincerely,

Mr. Vikram Kothari

Managing Director

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

Ans. At NCL, we believe that our stakeholders are an integral part of our business and play an important role in guiding the overall business strategy. It is imperative to understand their perceptions to identify the changing risk and opportunity landscape associated with our business. We have developed distinct modes of interactions to engage with various stakeholder groups and discuss key business issues pertaining to Environment, Social and Governance (ESG) dimensions of our business.

In FY 2022-23, we conducted our first ever Stakeholder Engagement and Materiality Assessment (SEMA) with the leadership team that has helped us identify the key material topics impacting our business.

The various stakeholder groups that are of importance to us are:

- Clearing Members
- Employees
- Regulatory bodies (SEBI & RBI)
- Customers (Clearing Members)
- Partner service providers
- Investors

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Ans. At NCL, we have tailored engagement channels for each stakeholder group to gather their feedback on our various business activities. These channels provide an opportunity for stakeholders to present their concerns and inputs to the management of NCL. These interactions further help us to mitigate identified risks and convert them into opportunities towards making our operations sustainable.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Ans. In the FY 2022-23, we conducted our first ever materiality assessment with the leadership team at NCL to identify the key material topics pertaining to our business. Moving forward, we plan to engage with other stakeholder groups to understand their perspective when it comes to “ESG” parameters and incorporate their feedback into our policies and procedures.

*Note:

Mr. Vikram Kothari, Managing Director of NCL, being KMP

As per the decision taken by the Board, the employees of NSE who become Directors on the Boards of its subsidiaries are not eligible for sitting fees from such companies. NCL is one of the subsidiaries of NSE. Mr. Yatrik Vin, being employee of NSE, is NSE's representative on the Board of NCL. Accordingly, he was not paid any sitting fee for the Board or committee meetings attended by him.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Ans: Yes, NCL has a Prevention of Sexual Harassment (POSH) Committee in place for addressing human rights impacts or issues caused or contributed to by the business. For FY 2022-23, the POSH policy for NSEIL was applicable to its subsidiaries, including NCL. For FY 2023-24, with the segregation of departments, NCL is in the process of formalizing POSH policy of NCL along with appointment of Internal Complaints Committee under POSH

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Ans. NCL has internal mechanism in place as per Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 to redress grievances related to human rights issues

6. Number of Complaints on the following made by employees and workers:

	FY 2022-23 Current Financial Year			FY 2021-22 Previous Financial Year		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	0	0	Nil	0	0	Nil
Discrimination at workplace	0	0	Nil	0	0	Nil
Child Labour	0	0	Nil	0	0	Nil
Forced Labour/Involuntary Labour	0	0	Nil	0	0	Nil
Wages	0	0	Nil	0	0	Nil
Other human rights related issues	0	0	Nil	0	0	Nil

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Ans. Yes. Grievance Redressal Procedure is a well-defined process/ platform for employees to formally raise grievances, discuss problems and/or issues/ concerns with Management practices/ workplace issues relating to supervisor/ manager/ subordinates/ peers and for providing a productive and conducive work environment where grievances are dealt with in a fair and equitable manner. A Grievance Committee, chaired by a Senior Member, is responsible for conducting fair and thorough investigation of grievances filed before them. The Committee is responsible to ensure that appropriate investigation of grievances is conducted. The committee is also responsible to ensure that sensitive nature of grievance is kept in mind during investigation.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Ans. Yes, human rights requirements form a part of our business agreements and contracts.

9. Assessments for the year:

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	0%
Forced/involuntary labour	0%
Sexual harassment	0%
Discrimination at workplace	0%
Wages	0%
Others – please specify	0%

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Ans. NCL has not conducted any assessments in FY'23.

Leadership Indicators

1. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Ans. Yes, NCL has provisions in place like wheelchairs, lifts, security / housekeeping personal assisting differently abled visitors which makes the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016

Principle 6: Businesses should respect and make efforts to protect and restore the environment

Note: For Principle 6, we are reporting at the National Stock Exchange of India level.

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 22-23	FY 21-22
Total electricity consumption (A)	209037.82	166162.67
Total fuel consumption (B)	567.53	1126.15
Energy consumption through other sources (C)	0	0
Total energy consumption (A+B+C)	209605.35	167288.82
Energy intensity per rupee of turnover (<i>Total energy consumption/turnover in rupees</i>)	16.42	14.46

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Ans. No.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Ans. The question is Not Applicable as NCL does not fall under the PAT scheme of the Government

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 22-23	FY 21-22
Water withdrawal by source (in kilolitres)		
(i) Surface water	48791.67	36627.24

Total volume of water consumption (in litres)	48984.76	36627.24
Water intensity per rupee of turnover (<i>Water consumed / turnover</i>)	3.83	3.27

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Ans. No

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Ans. Yes, NCL has a Sewage Treatment Plant (STP) in place. This plant has been installed at the inception stage itself to enable NCL to reuse building's domestic and flushing water (i.e. after treatment) for its Cooling Towers associated with Airconditioning System and for gardening purposes every day.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 22-23	FY 21-22
NOx	Mg/Nm ³	0	0
SOx	Mg/Nm ³	0	0
Particulate matter (PM)	Mg/Nm ³	0	0
Persistent organic pollutants (POP)	Not applicable	0	0
Volatile organic compounds (VOC)	Not applicable	0	0
Hazardous air pollutants (HAP)	Not applicable	0	0
Others – please specify	Not applicable	0	0

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Ans. No.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 22-23	FY 21-22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	39,198.71	77,781.21
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	41,213.00	36,458.40
Total Scope 1 and Scope 2 emissions per rupee of turnover		6.30	10.22

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Ans. No.

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Ans. NSE has taken several initiatives in the areas of energy conservation, green / renewable energy which demonstrates its commitment towards minimizing environmental impact:

a. Wind Power Plant

NSE has commissioned the 6.25 MW (i.e. 5 nos. of 1.25 MW of Wind Mills) Wind Power Plant at Satara in Maharashtra in the year 2014. In Wind Power Plant, the Wind Electric Generator (WEG) converts the Kinetic Energy available in the Wind to Electrical Energy by using a Rotor, Gearbox and Generator. With regard to the operation of the Wind Power Plant, it goes hand-in-hand with the Local Electricity Board. The Plant is connected to the Main Power Grid of the Local Electricity Board. As per the renewable energy policy of Govt. of Maharashtra, the quantum of electricity generated through the Wind Power Plant is fed to the grid, which gets set off against the power consumption towards High Tension (HT) installation of the 'Wind farmer' (which in this case is NSE) anywhere in that grid

b. Solar Plant

The Solar Power Plant of the capacity of 20 KW has been installed in the building which harnesses the Solar Power to cater to a part of the lighting load at Exchange Plaza & BCP premises at Kotturpuram, Chennai. We had a target of 11,200 kWh of solar energy generation for the current reporting year and ensured to overachieve our target by generating 8,383 kWh of additional solar energy from the solar power plants installed by us.

c. Lighting transformer and LED lights

Lighting Transformers have been introduced in the lighting feeders to regulate incoming power supply which reduces excess power consumption and enhances the life of the luminaries. Additionally, LED Lights have been introduced across the entire office area.

d. Thermal energy storage system

Thermal Energy Storage System has been introduced in the Air-Conditioning (AC) System at Exchange Plaza. It was observed that most of the Services (i.e., AC Chillers, AHU's, Lifts, Lighting, PC, Plumbing System, etc.) in the building were operated mainly during office / day hours. Amongst them, the AC Chillers and its associated equipment's used to consume more than 30% of the total peak demand load. In view of this, NSE had decided to reduce its demand load during peak hours by introducing the aforesaid plant in the existing AC System

e. Occupancy sensors

Motion/Occupancy Sensors have been installed at the entire Office areas to operate the Lights automatically based on the occupancy in the respective areas.

f. Building Management System

The Building Management System (BMS) had been installed at the inception stage itself to enable NSE to operate the Building's Services more effectively. By using BMS System, the Air Handling Units (AHU) of the air-conditioning system are being operated (i.e., switching ON /OFF) as per the exact timetable scheduled for respective floors. It also helps NSE to regulate / control the temperature of the workspace area well within a prescribed tolerance. With this effective operation and regulation of AHU's, electricity is being conserved on a day-to-day basis.

g. Automatic power factor control units

The Automatic Power Factor Control Units have been installed to improve the power factor (i.e. by counter balancing the inductive load of the building with capacitive load) of the entire electrical load of the Building. Power Supplier gives incentives i.e. by passing certain discount in the electricity bill on account of this regularly.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 22-23	FY 21-22
Total Waste generated (in metric tonnes)		
Plastic waste (A)	0	0
E-waste (B)	19.072	8.052

(iii) Other disposal operations	0	0
Total	0	0

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Ans. No.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Ans. We at NCL, are committed to embedding the three “R” approach for managing waste viz. ‘Reduce, Reuse and Recycle’. We have installed systems and processes to monitor our waste generation. Considering the nature of our business, we primarily generate a significant amount of domestic and E-waste. As per the Company’s E-Waste Policy, the E-Waste in Exchange Plaza building as well as its Branch Office premises is recycled through authorised E-waste Vendor shortlisted by Central Pollution Control Board (CPCB)/Maharashtra Pollution Control Board (MPCB). NCL uses ecofriendly gas used in air-conditioning and firefighting system (i.e R134a, R407a & R410a) and ecofriendly material used for housekeeping.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format.

Ans. No.

3. Water withdrawal, consumption and discharge in areas of water stress (in kiloliters): For each facility / plant located in areas of water stress, provide the following information:
- (i) Name of the area
 - (ii) Nature of operations
 - (iii) Water withdrawal, consumption and discharge in the following format:

Ans. Our offices are not located in areas of water stress. Hence, this question is Not Applicable.

* Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Ans. No.

4. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Ans. The question is not applicable for NCL as there are no offices/branches working in ecologically sensitive areas of India.

5. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Ans. NCL, along with NSE has undertaken the following initiatives to reduce the waste generated:

a. Vermiculture plant:

The compostable material like food waste collected from canteen, garden organics, paper and cardboard get collected at one place. Post shredding, the aforesaid organic material gets loaded into Vermiculture plant for the decomposing process. Post 7 days of an on-going process, vermicompost / manure get generated and is being used for Gardening purposes.

b. Waste disposal

The Company believes in reduce, recycle, and reuse and manages its waste efficiently through various initiatives such as Vermiculture system, Sewage treatment plant. We reduce the E-waste and ensure that the E-waste generated is recycled efficiently.

d. Food Waste

Food waste generated at Company's Exchange Plaza building is processed through Vermiculture System installed at its building wherein manure (i.e. Vermicompost) generated through it is used for Gardening Purpose. We remain dedicated to strengthening our environmental initiatives and proactively collaborate with stakeholders to accelerate climate action efforts. While we focus on reducing the environmental footprints of our operations, we are also actively devising products and services that will nudge other corporate players to contribute and collaborate for creating positive environmental impact.

6. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Ans. At NSE, business continuity and market stability are paramount as we recognize the criticality of maintaining uninterrupted operations and safeguarding the stability of the market in which we operate. We achieve this through a carefully crafted Business Continuity Management (BCM) policy, reinforced by a robust governance structure, detailed procedures, and thorough testing and training programs. Our commitment to business continuity is further enhanced by our infrastructural measures, which allow us to navigate and recover from disruptions effectively. Our organization has developed a comprehensive business continuity plan that effectively addresses various emergencies. Our BCM policy aligns with SEBI's 'Business Continuity Management and Disaster Recovery' guidelines. To ensure the effectiveness of our business continuity efforts, we have established a robust governance structure. This includes our Board and Management Level committees, which oversee the implementation of the BCM framework. We also have dedicated teams, such as the Crisis Management Team (CMT), responsible for managing the execution of the plan during emergencies.

7. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

Ans. At present no significant impact has been reported arising from value chain partners of NCL.

PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

Essential Indicators

1. a. Number of affiliations with trade and industry chambers/ associations

Ans. 1

- b. List the top 10 principle and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to - Reach of trade and industry chambers/ associations (State/National)

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NSE Clearing Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **NSE Clearing Limited** ("the Holding Company") and its subsidiary, (Holding Company and its subsidiary together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records, (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, of its consolidated profit, its consolidated total comprehensive income, its consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in 'Other Matter' paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Holding Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial

statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information and the report of the other auditors as furnished to us [refer 'Other Matter' paragraph below], if we conclude that there is a material misstatement of this Other information, we are required to report that fact.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements of a subsidiary whose financial statements reflect total assets of Rs 69.18 Crore and net assets of Rs 33.30 Crore as at March 31, 2023, total revenue of Rs. 0.86 Crore, its loss Rs. 15.75 Crore, total comprehensive loss of Rs. 12.20 Crore and net cash outflows amounting to Rs. 3.81 Crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose report have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other information insofar as it relates to the aforesaid subsidiary is based solely on the report of the other auditors.

Our opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, based on our audit we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

- (f) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in **Annexure 'A'**.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements of the subsidiary, as noted in the Other Matter paragraph:
 - (i) The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group – refer Note 33 to the consolidated financial statements.
 - (ii) The Group had long-term contracts as at March 31, 2023 for which there were no material foreseeable losses. The Group did not have any derivative contracts as at March 31, 2023 - refer Note 34 to the consolidated financial statements.
 - (iii) During the year ended March 31, 2023, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary company incorporated in India - refer Note 44 to the consolidated financial statements.
 - (iv) (a) The Holding Company's Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; – Refer Note 46(iv) to the consolidated financial statements.

(b) The Holding Company's Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; – Refer Note 46(iv) to the consolidated financial statements.

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) As stated in Note 12(b) to the consolidated financial statements
- (a) The final dividend proposed in the previous year, declared and paid by the Holding Company during the year is in accordance with Section 123 of the Act, as applicable.
- (b) The Board of Directors of the Holding Company have proposed final dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- (vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable with effect from April 1, 2023 to the Company and its subsidiary and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiary included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of **NSE Clearing Limited** (hereinafter referred to as "the Holding Company") and its subsidiary company which is company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company, which is company incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to a subsidiary company, which is company incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Background and Significant Accounting Policies

Background

The NSE Clearing Limited (NCL), a wholly owned subsidiary of NSE, was incorporated in August 1995. It was the first clearing corporation to be established in the country and also the first clearing corporation in the country to introduce settlement guarantee. It was set up to bring and sustain confidence in clearing and settlement of securities, to promote and maintain, short and consistent settlement cycles, to provide counterparty risk guarantee, and to operate a tight risk containment system.

The consolidated financial statements relate to the Parent Company NSE Clearing Limited and its wholly owned Sole subsidiary company NSE IFSC Clearing Corporation Limited. (Collectively referred to as “the Group”).

Note 1: Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these Ind AS financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Amendments thereto.

The financial statements for the year ended March 31, 2023 has been approved by the Board of directors of the Company in their meeting held on May 10, 2023.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities that is measured at fair value, and
- defined benefit plans - plan assets measured at fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined in such basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(iii) Adoption of new Accounting Standards and amendments

The following new standards and amendments are effective for the first time for the period commencing from April 1, 2022.

- Ind AS 103 – Reference to Conceptual Framework - Business combination
- Ind AS 16 – Property Plant and equipment
- Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets
- Ind AS 106 – Annual Improvements to Ind AS (2021)
- Ind AS 109 – Annual Improvements to Ind AS (2021)
- The amendments listed above did not have any impact on the amounts recognised in prior periods and current period.
- Additionally, during the current year ended March 31, 2023 the company has complied with amendments to the schedule III - Division II notified by Ministry of Corporate Affairs vide notification dated March 23, 2022.

iv) Principles of consolidation and equity accounting

i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests, if any, in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

ii) Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

iii) Joint Arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated balance sheet.

iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post - acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note (i) below

v) Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statement of profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

(b) Foreign currency translation and transactions

(i) Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian currency (INR), which is the Group's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

(iii) Group Companies

The results and financial position of foreign operations that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that balance sheet;
- income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of any net investment in foreign entities are recognised in other comprehensive income. When a foreign operation is sold, the associated exchange differences are reclassified to statement of profit or loss, as part of the gain or loss on sale.

(c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of allowances, incentives, service taxes and amounts collected on behalf of third parties.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Revenue is recognised in the period when the service is provided as per arrangements/agreements with the customers. The sources of revenue are:

- (i) Clearing and Settlement charges, IT & support charges and processing charges are recognized on accrual basis as and when the services are rendered.;
- (ii) In respect of Members who have been declared as defaulters by the Company all amounts (dues) remaining to be recovered, net of available security and insurance cover available if any, till the date of being declared as defaulters are written off as bad debts. All subsequent recoveries are accounted when received.
Shortages arising after the date of declaration of default are written off as bad debts in the year in which it arises, after exhausting all remedies including forfeiture of securities and insurance cover available if any.
Other overdue amounts are provided for as doubtful debts or are written off as bad debts, if the same are considered doubtful/irrecoverable in the opinion of the management.
- (iii) Penal Charges, in the year of declaration of default, in respect of shortages due from the respective member, are booked to the extent such charges are recoverable.
- (iv) Other insurance claims are accounted on accrual basis when the claims become due and payable.
- (v) Income excludes applicable taxes and other levies

(d) Use of Estimates

The preparation of financial statements in conformity with Ind AS requires Management to make estimates, judgements and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about the assumption and estimates could result in the outcome requiring material adjustment to the carrying amount of asset and liability.

(e) Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Group recognizes MAT credit available as an asset only to the extent there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT Credit is allowed to be carried forward. In the year in which the Group recognizes MAT Credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the sufficient period.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(f) Leases

As a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of the contract. Ind AS 116 defines a lease as a contract, or a part of a contract, that conveys the right of use an asset (the underlying asset) for a period of time in exchange of consideration. To assess whether as contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expenses on a straight line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the underlying assets.

As a lessor

Lease for which the Group is a lessor is classified as finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on straight line basis over the term of the relevant lease.

(g) Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. These do not include bank balances earmarked/restricted for specific purposes.

Restricted cash:

Other bank balances comprise of Fixed deposits with maturity of more than three months and less than twelve months, other financial assets contains Fixed deposits with maturity of more than one year. This deposits are restricted balance and with lien for advances received from issuer of securities and advance received from defaulting members.

(i) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(j) Investments and other financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of financial assets

A financial asset is de-recognised only when

- The Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be reliably measured.

(k) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

(l) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(m) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(n) Property, plant and equipment (including CWIP)

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

Furniture and fixture	5 to 10 years
Office equipment	4 to 5 years
Electrical equipment	10 years
Computer systems office automation	3 years
Computer systems – others	4 years
Computer software	4 years
Telecommunication systems	4 years
Clearing and Settlement Systems	4 years

The property, plant and equipment including land acquired under finance leases is depreciated over the asset's useful life or the lease term if there is no reasonable certainty that the Group will obtain ownership at the end of the lease term.

The useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

Depreciation on assets purchased / disposed off during the year is provided on pro rata basis with reference to the date of additions / deductions.

Fixed assets whose aggregate cost is Rs. 5,000 or less are depreciated fully in the year of acquisition.

(o) Intangible assets

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it
- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and

- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Standard packaged software products are written off in the year of purchase.

Computer software is amortised over a period of 4 years.

(p) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(q) Provisions

Provisions for legal claims and discounts/incentives are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions for restructuring are recognised by the Group when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Group will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Group.

(r) Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are not disclosed in case the possibility of an outflow of resources embodying economic benefits is remote.

(s) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are the amounts expected to be paid when the liabilities are settled. Short term employee benefits are recognised in statement of profit and loss in the year in which the related service is rendered. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund and superannuation.

Gratuity obligations

The Group has maintained a Group Gratuity Cum Life Assurance Scheme with the Life Insurance Corporation of India (LIC) towards which it annually contributes a sum determined by LIC. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(iv) Defined contribution plans

Provident fund

Provident Fund: The Group is registered with Regional Provident Fund Office, Bandra, Mumbai, and both the employee and the employer make monthly contribution equal to 12% of the employee's basic salary respectively.

Superannuation

Superannuation benefits for employees designated as chief managers and above are covered by group policies with the Life Insurance Corporation of India. The contribution payable for the year is charged to revenue. There are no other obligations other than the annual contribution payable.

(v) Bonus plans

1. The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.
2. SEBI has laid down certain norms in terms of the compensation policy for the key management personnel which are as under :
 - A. The variable pay component will not exceed one third of the total pay.
 - B. 50% of the variable pay will be paid on a deferred basis after three years.

(t) Core Settlement Guarantee Funds

As per SEBI vide circular no. CIR/MRD/DRMNP/25/2014 dated August 27, 2014 every recognised clearing corporation shall establish and maintain a Fund for each segment, to guarantee the settlement of trades executed in that respective segment of a recognised stock exchange. Similarly SEBI vide circular no. SEBI/HO/MRD/DSA/ CIR / P/2016/125 dated November 28, 2016 has issued norms for set up of fund and minimum corpus of fund to guarantee the settlement of trades executed in the stock exchanges in IFSC.

The Clearing Corporation shall have a fund called Core SGF for each segment of each Recognised Stock Exchange to guarantee the settlement of trades executed in the respective segment of the Stock Exchange. In the event of a clearing member(member) failing to honour settlement commitments, the Core SGF shall be used to fulfil the obligations of that member and complete the settlement without affecting the normal settlement process. The Core SGF shall be contributed by Clearing Corporation (NCL), Stock Exchanges and the clearing members, in a manner as prescribed by SEBI. This fund is represented by earmarked Core SGF investments. The income earned on such investments is credited to the respective contributor's funds and adjusted towards incremental requirement of Minimum Required Corpus (MRC) as per SEBI letter reference no. SEBI/HO/MRD/DRMNP/OW/P/2018/4559/1 dated February 12, 2018. Penalties and fines levied by the Group are transferred to Core SGF as Other Contributions.

(u) Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(v) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(w) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(x) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

(y) Critical Accounting Estimates And Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

Estimation of current tax expense and payable Note 13, 14 and 15
Estimated useful life of intangible asset Note 3
Estimation of defined benefit obligation Note 25
Estimation of fair values of contingent liabilities refer Note 32, 33 and 35
Estimation of Variable Pay and Performance Pay

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

(z) Operating Cycle

Based on the activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The group does not expect this amendment to have any significant impact in its group’s financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The group is evaluating the impact, if any, in its group’s financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The group does not expect this amendment to have any significant impact in its group’s financial statements.

Capital management

The Group considers the following components of its Balance Sheet to be managed capital:

Total equity (as shown in the balance sheet). – retained profit, other reserves, share capital

The Group manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Group aims to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to return excess liquidity to shareholders by continuing to distribute dividends in future periods. Refer note 12(b) for the final and interim dividends declared and paid.

The Company has filed an appeal to Commissioner of Income Tax (Appeals), National Faceless Appeal Center, New Delhi.

- iv) Bank Guarantee Rs.4000 Crores (Previous year Rs.3000 Crores). (Also refer to Note 41)

Based on the legal opinion received by the company, Company is of the view that the above matters are not likely to have any impact on financial position of the Company.

33 The Group's pending litigations comprise of claims against the Group and proceedings pending with Statutory, Regulatory and Tax Authorities. The Group has reviewed all its pending litigations and proceedings and has made adequate provisions, whenever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Group does not expect the outcome of these proceedings to have a material impact on its financial position. (Refer Note 32 & 35)

34 In accordance with the relevant provisions of the Companies Act, 2013, the Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses as of March 31, 2023 and March 31, 2022.

35 a) On February 24, 2021 the Storage Area Network (SAN) system of the Company was impacted due to certain issues in the links with telecom service providers, resulting in the primary SAN becoming inaccessible to the host servers. This also resulted in the risk management system and clearing and settlement system of the Company and other systems such as index and surveillance systems of National Stock Exchange of India (NSE) becoming unavailable leading to a decision to halt the Trading at NSE. The Company had submitted a root cause analysis of the incident to SEBI. SEBI vide its letter dated July 2, 2021 directed the Company to pay financial disincentive of Rs. 0.25 crores for not restoring its operations within the Recovery Time Objective (RTO). The Company paid the same on July 14, 2021. Further, in this regard, SEBI had issued a show cause notice on August 11, 2021 to the Company and some of its employees alleging non-compliance with certain paragraphs of SEBI circular dated October 8, 2015, September 13, 2017, March 26, 2019 and Regulation 12(6) read with Regulation 7(4)(g) of SECC Regulation 2018 for which detail response is filed. In this regard, the Company has taken necessary remedial actions and also filed consent application with SEBI on September 03, 2021, against this, during the year, preliminary hearing on maintainability of the said consent application had taken place and the Company has filed its revised consent terms on March 19, 2023. The revised consent application is under review with relevant authority at SEBI. The Company is of the view that pending conclusion of this matter with SEBI, a reliable estimate of any obligations in respect of this matter cannot be presently made and therefore no provision /adjustment to this effect has been made in the financial statements as of and for the Year ended March 31, 2023.

- b) Company encountered an incident on November 01, 2021, which resulted in delay in securities pay-out in the cash segment. Pursuant to SEBI circular SEBI/HO/MRD1/DTCS/CIR/P/2021/590 dated July 05, 2021 an amount of Rs.1 Crore was payable to the Core Settlement Guarantee Fund (Core SGF) of NCL towards financial disincentive which is included in other expenses of previous year and the same has been transferred to the Core SGF on January 24, 2022.
- c) During the year ended March 31, 2022, SEBI had issued a show cause notice to the Company alleging non-compliance with certain paragraphs of SEBI circular dated December 17, 2018 for failure to share alerts with other exchange post interoperability. During the year ended March 31, 2023, SEBI levied penalty of Rs.0.25 crores to the Company, the same is included in other expenses for the year ended March 31, 2023. The same has been paid on February 9, 2023.

36 During the previous year contract pertaining to clearing and settlement system was terminated and an amount of Rs.83.86 crores was received towards the same. Accordingly, provision for impairment of intangible asset under development pertaining to the said contract made in year ended March 2021 amounting to Rs.68.23 crores has been reversed and the balance amount of Rs.15.63 crores is treated as settlement compensation. The same have been considered as exceptional items.

37 A Fair value measurement

(i) Fair Value Hierarchy:

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three level prescribed under the accounting standard. An explanation of each level follow

(Rs. In crores)

Financial Assets and Liabilities measured at Fair Value - recurring fair Value measurements At March 31, 2023	Notes	Level 1	Level 2	Level 3	Total March 31, 2023
Financial Assets					
Financial Investments at FVPL					
Mutual Fund - Growth Plan	8	693.64	-	-	693.64
Total Financial Assets		693.64	-	-	693.64
Financial Liabilities					
Total Financial Liabilities			-	-	-

Financial Assets and Liabilities measured at Fair Value - recurring fair Value measurements At March 31, 2022	Notes	Level 1	Level 2	Level 3	Total March 31, 2022
Financial Assets					
Financial Investments at FVPL					
Mutual Fund - Growth Plan	8	471.37	-	-	471.37
Total Financial Assets		471.37	-	-	471.37

The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows :

- Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, exchange traded funds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

- Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, debentures, government securities and commercial papers) is determined using FIMMDA valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

There are no transfers between levels 1 and 2 during the period. The Group's policy is to recognise transfers into and transfers out of fair value hierarchy level as at the end of reporting period.

ii) Valuation technique used to determine fair value :

Specific valuation techniques used to value financial instruments include:

- 1) The use of quoted market prices or dealer quotes for similar instruments in case of quoted equity shares, exchange traded funds and mutual funds.
- 2) The fair value of the unlisted equity instruments is determined using the price / book multiple (P/B) multiple approach.
- 3) All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, where the fair values have been determined as per 2 above.

(iii) Fair value measurements using significant unobservable inputs (level 3)

No item falling in level 3 during the restated period .

(iv) Valuation processes :

The finance department of the Group includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO).

38 FINANCIAL RISK MANAGEMENT

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has constituted a Risk Assessment & Review Committee (RARC), which is responsible for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The RARC is supported by Treasury department among others, that provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Treasury department activities are designed to:

- protect the Company's financial results and position from financial risks
- maintain market risks within acceptable parameters, while optimising returns; and
- protect the Company's financial investments, while maximising returns.

The Treasury department is responsible to maximise the return on companies internally generated funds.

A MANAGEMENT OF LIQUIDITY RISK

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The Company maintains a conservative funding and investment strategy, with a positive cash balance throughout the year ended 31st March, 2023 and 31st March, 2022. This was the result of cash generated from operating activities and investing activities to provide the funds to service the financial liabilities on a day-to-day basis.

The Company's treasury department regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated by the operating entities, over and above the amount required for working capital management and other operational requirements, is retained as cash equivalents (to the extent required), other highly liquid investments and excess is invested in interest bearing term deposits and other highly marketable debt investments including the government securities with appropriate maturities to optimise the returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

B MANAGEMENT OF MARKET RISK

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
1. PRICE RISK		
The Company is mainly exposed to the price risk due to its investment in mutual funds and exchange traded funds. The price risk arises due to uncertainties about the future market values of these investments.	In order to manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio in accordance with the limits set by the risk management policies.	As an estimation of the approximate impact of price risk, with respect to mutual funds and exchange traded funds, the Company has calculated the impact as follows.
At 31st March, 2023, the exposure to price risk due to investment in mutual funds amounted to Rs. 693.65 crores (March 31, 2022: Rs. 471.37 crores).	The Treasury department maintains a list of approved financial instruments. The use of any new investment must be approved by the Chief Financial Officer.	For mutual funds, a 0.25% increase in prices would have led to approximately an additional Rs. 1.73 crores gain in the Statement of Profit and Loss (FY 2021-22: Rs. 1.18 crores gain). A 0.25% decrease in prices would have led to an equal but opposite effect.

C MANAGEMENT OF CREDIT RISK

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations.

Trade and other receivables

Concentrations of credit risk with respect to trade receivables are limited, due to the Group's customer base being large and diverse and also on account of member's deposits kept by the Group as collateral which can be utilised in case of member default. Further, amount lying in Core settlement Guarantee fund (CSGF) is available for utilisation in case of settlement default by member. All trade receivables are reviewed and assessed for default on a quarterly basis.

Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

Revenue from top customer is account for 95.37% (Previous Year 91.28%)

Other financial assets

The Group maintains exposure in cash and cash equivalents, term deposits with banks, investments in commercial papers, government securities, investments in mutual funds and exchange traded funds. The Company has diversified portfolio of investment with various number of counter-parties which have secure credit ratings hence the risk is reduced. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Company's Treasury department.

The Group's maximum exposure to credit risk as at March 31, 2023 and March 31, 2022 is the carrying value of each class of financial assets as disclosed in note no. 5,6,8,10 and 11.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NSE Clearing Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **NSE Clearing Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the statement financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Legal, Regulatory proceedings and uncertain tax positions</p> <p>As of March 31, 2023, the Company has ongoing regulatory proceedings with SEBI and various ongoing litigations on legal and proceedings with tax authorities involving uncertain direct and indirect tax positions. There are various direct and indirect tax cases against the Company, including disallowance of certain expenses under income tax, applicability of service tax on certain services etc.</p> <p>The Company has assessed the above pending matters related to litigations, regulatory proceedings and has disclosed the contingent liabilities, wherever applicable, in its standalone financial statements.</p> <p>Refer note 32, 33 and 35 to the standalone financial statements.</p> <p>This is a key audit matter, as evaluation of these matters requires management judgement and estimation, interpretation of laws and regulations and application of relevant judicial precedents to determine the probability of outflow of economic resources, if any, provisions and related disclosures to be made in the standalone financial statements.</p>	<p>Our audit procedures related to legal, regulatory proceedings and uncertain tax positions included–</p> <ul style="list-style-type: none"> • Evaluating the design and operating effectiveness of controls over the recognition, measurement, presentation and disclosures made in the standalone financial statements in respect of these matters; • Obtaining details of litigations on legal, regulatory proceedings and uncertain direct and indirect tax positions. • Reviewing orders and management responses thereto. • Inspecting the supporting documents to evaluate management’s assessment of probability of outcome of ongoing proceedings, the magnitude of potential loss, if any, and testing related provisions and disclosures made in the standalone financial statements; • Reviewing expert’s legal advice/opinion obtained by the Company’s management for evaluating certain legal, regulatory proceedings and tax matters; and • Evaluating competence and capabilities of the experts. <p>Based on the above procedure, we noted that the Company has reviewed the above pending litigations and proceedings and has made adequate provisions, wherever required and disclosed the contingent liabilities, wherever applicable, in its standalone financial statements.</p>

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in Board’s Report including Annexures to Board’s Report, but does not include the Standalone financial statements and our auditor’s report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the other information, if we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure 'A'**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 'B'**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

Annexure 'A' to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirement's section of our report to the Members of **NSE Clearing Limited** of even date)

The Annexure referred to in the Independent Auditors' Report to the members of Company on the standalone financial statements for the year ended March 31, 2023. We report that:

- i)
 - a)
 - A) The Company is maintaining proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
 - B) The Company has maintained proper records showing full particulars of intangible assets.
 - b) Property, Plant and Equipment and Intangible asset have been physically verified by the management during the year which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets and we have been informed that no material discrepancies have been noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company does not hold any immovable property in its name. Hence, provisions of Clause 3(i)(c) of the said Order are not applicable to the Company.
 - d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii)
 - a) The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of clause 3(ii) of Companies (Auditor's Report) Order, 2020 are not applicable to the Company.
 - b) The Company has not been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii) According to the information and explanations given to us and on the basis of examination of the records of the company, the Company has made investments, but has not provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. In view thereof, reporting under clause 3(iii)(a), (c), (d), (e) and (f) of the Order is not applicable. The investments made during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- iv) According to information and explanation given to us, the Company has not granted loans or provided guarantees or securities to the parties covered under Section 185 and 186 of the Act. The Company has complied with the provisions of Section 185 and 186 of the Act in respect of investments made to the parties covered under Section 186 of the Act.

- v) In our opinion and according to the information and explanation not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified.
- vi) The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii) a) According to the information and explanations given to us and on the basis of records examined by us, in our opinion, the Company is generally regular in depositing with appropriate authorities, the undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax (GST) and other material statutory dues, as applicable. According to the records of the Company, there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Goods and Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and any other statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
- b) According to the information and explanations given to us, the dues of Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Duty of Custom, Duty of Excise and Value Added Tax which have not been deposited on account of disputes and the forum where the dispute is pending are as under:

* plus applicable Interest

- viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company and hence, reporting on clause 3(ix)(d) of the Order is not applicable.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary and hence, reporting on clause 3(ix)(e) of the Order is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiary and hence, reporting on clause 3(ix)(f) of the Order is not applicable.
- x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Therefore, the provision of clause 3(x)(a) of Companies (Auditor's Report) Order, 2020 are not applicable to the Company.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi) (a) We hereby confirm that to the best of our knowledge and belief, there are no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management there are no whistle blower complaints received by the Company during the year.

- xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company.
- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and section 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- xiv) (a) In our opinion and based on our examination the Company has an internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports of the company issued till date, for the year under audit.
- xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Therefore, the provisions of clause 3(xv) of the Order are not applicable to the Company.
- xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) As per the information and explanation, given to us there is only one core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors of the Company during the year.
- xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) (a) According to the information and explanations given to us, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

- (b) In respect of ongoing projects, the Company has transferred Rs. 1.96 Crore, being unspent amount, to a special account on March 31, 2023 in compliance with section 135(6) of the said Act.

Annexure 'B' to the Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirement's section of our report to the Members of **NSE Clearing Limited** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of **NSE Clearing Limited** ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Background and Significant Accounting Policies

Background

The NSE Clearing Limited (NCL) (formerly known as National Securities Clearing Corporation Limited), a wholly owned subsidiary of NSE, was incorporated in August 1995. It was the first clearing corporation to be established in the country and also the first clearing corporation in the country to introduce settlement guarantee. It was set up to bring and sustain confidence in clearing and settlement of securities, to promote and maintain, short and consistent settlement cycles, to provide counter-party risk guarantee, and to operate a tight risk containment system.

Note 1: Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these Ind AS financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Amendments thereto.

The financial statements for the year ended March 31, 2023 has been approved by the Board of directors of the Company in their meeting held on May 10, 2023.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities that is measured at fair value, and
- defined benefit plans - plan assets measured at fair

(iii) Adoption of new Accounting Standards and amendments

The following new standards and amendments are effective for the first time for the period commencing from April 1, 2022.

- Ind AS 103 – Reference to Conceptual Framework - Business combination
- Ind AS 16 – Property Plant and equipment
- Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets
- Ind AS 106 – Annual Improvements to Ind AS (2021)
- Ind AS 109 – Annual Improvements to Ind AS (2021)
- The amendments listed above did not have any impact on the amounts recognised in prior periods and current period.
- Additionally, during the current year ended March 31, 2023 the company has complied with amendments to the schedule III - Division II notified by Ministry of Corporate Affairs vide notification dated March 23, 2022.

(b) Foreign currency translation and transactions

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian currency (INR), which is the Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

Effective April 1, 2018 the company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

(c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of allowances, incentives, service taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Revenue is recognised in the period when the service is provided as per arrangements/agreements with the customers. The sources of revenue are:

- (i) Clearing and Settlement charges, IT & support charges and processing charges are recognized on accrual basis as and when the services are rendered.
- (ii) In respect of Members who have been declared as defaulters by the Company all amounts (dues) remaining to be recovered, net of available security and insurance cover available if any, till the date of being declared as defaulters are written off as bad debts. All subsequent recoveries are accounted when received.

Shortages arising after the date of declaration of default are written off as bad debts in the year in which it arises, after exhausting all remedies including forfeiture of securities and insurance cover available if any.

Other overdue amounts are provided for as doubtful debts or are written off as bad debts, if the same are considered doubtful/irrecoverable in the opinion of the management.

- (iii) Penal Charges, in the year of declaration of default, in respect of shortages due from the respective member, are booked to the extent such charges are recoverable.
- (iv) Other insurance claims are accounted on accrual basis when the claims become due and payable.
- (v) Income excludes applicable taxes and other levies

(d) Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The company recognizes MAT credit available as an asset only to the extent there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT Credit is allowed to be carried forward. In the year in which the Company recognizes MAT Credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the sufficient period.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(e) Leases

As a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of the contract. Ind AS 116 defines a lease as a contract, or a part of a contract, that convey as the right of use an asset (the underlying asset) for a period of time in exchange of consideration. To assess whether as contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expenses on a straight line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on straight line basis over the shorter of the lease term and useful life of the underlying assets.

As a lessor

Lease for which the Company is a lessor is classified as finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on straight line basis over the term of the relevant lease.

(f) Impairment of assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(g) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known

amounts of cash and which are subject to an insignificant risk of changes in value. These do not include bank balances earmarked/restricted for specific purposes.

Restricted cash:

Other bank balances comprise of Fixed deposits with maturity of more than three months and less than twelve months, other financial assets contains Fixed deposits with maturity of more than one year. This deposits are restricted balance and with lien for advances received from issuer of securities and advance received from defaulting members.

(h) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(i) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired.

Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of financial assets

A financial asset is de-recognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the company, and the amount of the dividend can be reliably measured.

(j) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

(k) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(l) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(m) Property, plant and equipment (including CWIP)

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

Furniture and fixture	5 to 10 years
Office equipment	4 to 5 years
Electrical equipment	10 years
Computer systems office automation	3 years
Computer systems – others	4 years
Computer software	4 years
Telecommunication systems	4 years
Clearing and Settlement Systems	4 years

The property, plant and equipment including land acquired under finance leases is depreciated over the asset's useful life or the lease term if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term.

The useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

Depreciation on assets purchased / disposed off during the year is provided on pro rata basis with reference to the date of additions / deductions.

Fixed assets whose aggregate cost is Rs. 5,000 or less are depreciated fully in the year of acquisition.

(n) Intangible assets

Costs associated with maintaining software programmes are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it
- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and

- the expenditure attributable to the software during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software include employee costs and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point at which the asset is available for use.

Standard packaged software products are written off in the year of purchase.

Computer software is amortised over a period of 4 years.

(o) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(p) Provisions

Provisions for legal claims and discounts/incentives are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

(q) Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are not disclosed in case the possibility of an outflow of resources embodying economic benefits is remote.

(r) Employee benefits

- (i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are the amounts expected to be paid when the liabilities are settled. Short term employee benefits are recognised in statement of profit and loss in the year in which the related service is rendered. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund and superannuation.

Gratuity obligations

The Holding company has maintained a Group Gratuity Cum Life Assurance Scheme with the Life Insurance Corporation of India (LIC) towards which it annually contributes a sum determined by LIC. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(iv) Defined contribution plans

Provident fund

Provident Fund: The company is registered with Regional Provident Fund Office, Bandra, Mumbai, and both the employee and the employer make monthly contribution equal to 12% of the employee's basic

salary respectively.

Superannuation

Superannuation benefits for employees designated as chief managers and above are covered by group policies with the Life Insurance Corporation of India maintained by the Holding Company. The contribution payable for the year is charged to revenue. There are no other obligations other than the annual contribution payable.

(v) Bonus plans

1. The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.
2. SEBI has laid down certain norms in terms of the compensation policy for the key management personnel which are as under :
 - A. The variable pay component will not exceed one third of the total pay.
 - B. 50% of the variable pay will be paid on a deferred basis after three years.

(s) Core Settlement Guarantee Funds

As per SEBI vide circular no. CIR/MRD/DRMNP/25/2014 dated August 27, 2014 every recognised clearing corporation shall establish and maintain a Fund for each segment, to guarantee the settlement of trades executed in that respective segment of a recognised stock exchange. The Clearing Corporation shall have a fund called Core SGF for each segment of each Recognised Stock Exchange to guarantee the settlement of trades executed in the respective segment of the Stock Exchange. In the event of a clearing member(member) failing to honour settlement commitments, the Core SGF shall be used to fulfil the obligations of that member and complete the settlement without affecting the normal settlement process. The Core SGF shall be contributed by Clearing Corporation, Stock Exchanges and the clearing members, in a manner as prescribed by SEBI. This fund is represented by earmarked Core SGF investments. The income earned on such investments is credited to the respective contributor's funds and adjusted towards incremental requirement of Minimum Required Corpus (MRC) as per SEBI letter reference no. SEBI/HO/MRD/DRMNP/OW/P/2018/4559/1 dated February 12, 2018. Penalties and fines levied by the Company are transferred to Core SGF as Other Contributions.

(t) Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(u) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(v) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(w) **Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores as per the requirement of Schedule III, unless otherwise stated.

(x) **Critical Accounting Estimates And Judgements**

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

Estimation of current tax expense and payable Note 13, 14 and 15
Estimated useful life of intangible asset Note 3
Estimation of defined benefit obligation Note 25
Estimation of fair values of contingent liabilities refer Note 32, 33 and 35
Estimation of Variable and Performance Pay

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Operating Cycle

Based on the activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial

statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company aims to translate profitable growth to superior cash generation through efficient capital management. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company's focus is on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required, without impacting the risk profile of the Company. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company is not subject to financial covenants in any of its significant financing agreements.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to return excess liquidity to shareholders by continuing to distribute dividends in future periods. Refer note 12(b) for the final dividends declared and paid.

- (v) Bank Guarantee Rs.4000 Crores (Previous year Rs.3000 Crores). (Also refer to Note 41)

Based on the legal opinion received by the company, Company is of the view that the above matters are not likely to have any material impact on financial position of the Company.

- 33 The Company's pending litigations comprise of claims against the Company and proceedings pending with Statutory, Regulatory and Tax Authorities. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, whenever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material impact on its financial position. (Refer note 32 & 35)

- 34 In accordance with the relevant provisions of the Companies Act, 2013, the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses as of March 31, 2023 and March 31, 2022.

- 35 a) On February 24, 2021 the Storage Area Network (SAN) system of the Company was impacted due to certain issues in the links with telecom service providers, resulting in the primary SAN becoming inaccessible to the host servers. This also resulted in the risk management system and clearing and settlement system of the Company and other systems such as index and surveillance systems of National Stock Exchange of India (NSE) becoming unavailable leading to a decision to halt the Trading at NSE. The Company had submitted a root cause analysis of the incident to SEBI. SEBI vide its letter dated July 2, 2021 directed the Company to pay financial disincentive of Rs. 0.25 crores for not restoring its operations within the Recovery Time Objective (RTO). The Company paid the same on July 14, 2021. Further, in this regard, SEBI had issued a show cause notice on August 11, 2021 to the Company and some of its employees alleging non-compliance with certain paragraphs of SEBI circular dated October 8, 2015, September 13, 2017, March 26, 2019 and Regulation 12(6) read with Regulation 7(4)(g) of SECC Regulation 2018 for which detail response is filed. In this regard, the Company has taken necessary remedial actions and also filed consent application with SEBI on September 03, 2021, against this, during the year, preliminary hearing on maintainability of the said consent application had taken place and the Company has filed its revised consent terms on March 19, 2023. The revised consent application is under review with relevant authority at SEBI. The Company is of the view that pending conclusion of this matter with SEBI, a reliable estimate of any obligations in respect of this matter cannot be presently made and therefore no provision /adjustment to this effect has been made in the financial statements as of and for the Year ended March 31, 2023

- b) Company encountered an incident on November 01, 2021, which resulted in delay in securities pay-out in the cash segment. Pursuant to SEBI circular SEBI/HO/MRD1/DTCS/CIR/P/2021/590 dated July 05, 2021 an amount of Rs.1 Crore was payable to the Core Settlement Guarantee Fund (Core SGF) of NCL towards financial disincentive which is included in other expenses of previous year and the same has been transferred to the Core SGF on January 24, 2022.

- c) During the year ended March 31, 2022, SEBI had issued a show cause notice to the Company alleging non-compliance with certain paragraphs of SEBI circular dated December 17, 2018 for failure to share alerts with other exchange post interoperability. During the year ended March 31, 2023, SEBI levied penalty of Rs.0.25 crores to the Company, the same is included in other expenses for the year ended March 31, 2023. The same has been paid on February 9, 2023.

- 36 During the previous year ended March 31, 2022 contract pertaining to clearing and settlement system was terminated and an amount of Rs.83.86 crores was received towards the same. Accordingly, provision for impairment of intangible asset under development pertaining to the said contract made in year ended March 2021 amounting to Rs.68.23 crores has been reversed and the balance amount of Rs.15.63 crores is treated as settlement compensation. The same have been considered as exceptional items.

37 A Fair value measurement

(i) Fair Value Hierarchy:

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value and are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three level prescribed under the accounting standard. An explanation of each level follows underneath the table.

(Rs. In crores)					
Financial Assets and Liabilities measured at Fair Value - recurring fair Value measurements At March 31, 2023	Notes	Level 1	Level 2	Level 3	Total March 31, 2023
Financial Assets					
Financial Investments at FVPL					
Mutual Fund - Growth Plan	8	545.07	-	-	545.07
Total Financial Assets		545.07	-	-	545.07
Financial Liabilities					
Total Financial Liabilities			-	-	-

(Rs. In crores)					
Financial Assets and Liabilities measured at Fair Value - recurring fair Value measurements At March 31, 2022	Notes	Level 1	Level 2	Level 3	Total March 31, 2022
Financial Assets					
Financial Investments at FVPL					
Mutual Fund - Growth Plan	8	376.33	-	-	376.33
Total Financial Assets		376.33	-	-	376.33

The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows :

- Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, exchange traded funds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

- Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, debentures, government securities and commercial papers) is determined using FIMMDA valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

There are no transfers between levels 1 and 2 during the period. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy level as at the end of reporting period.

ii) Valuation technique used to determine fair value :

Specific valuation techniques used to value financial instruments include:

- 1) The use of quoted market prices or dealer quotes for similar instruments in case of quoted equity shares, exchange traded funds and mutual funds.
- 2) The fair value of the unlisted equity instruments is determined using the price / book multiple (P/B) multiple approach.
- 3) All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, where the fair values have been determined as per 2 above.

(iii) Fair value measurements using significant unobservable inputs (level 3)

No item falling in level 3 during the restated period .

(iv) Valuation processes :

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO).

38 FINANCIAL RISK MANAGEMENT

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has constituted a Risk Assessment & Review Committee (RARC), which is responsible for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The RARC is supported by Treasury department among others, that provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Treasury department activities are designed to:

- protect the Company's financial results and position from financial risks
- maintain market risks within acceptable parameters, while optimising returns; and
- protect the Company's financial investments, while maximising returns.

The Treasury department is responsible to maximise the return on companies internally generated funds.

A MANAGEMENT OF LIQUIDITY RISK

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The Company maintains a conservative funding and investment strategy, with a positive cash balance throughout the year ended 31st March, 2023 and 31st March, 2022. This was the result of cash generated from operating activities and investing activities to provide the funds to service the financial liabilities on a day-to-day basis.

The Company's treasury department regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated by the operating entities, over and above the amount required for working capital management and other operational requirements, is retained as cash equivalents (to the extent required), other highly liquid investments and excess is invested in interest bearing term deposits and other highly marketable debt investments including the government securities with appropriate maturities to optimise the returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

B MANAGEMENT OF MARKET RISK

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
1. PRICE RISK		
The Company is mainly exposed to the price risk due to its investment in mutual funds and exchange traded funds. The price risk arises due to uncertainties about the future market values of these investments.	In order to manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio in accordance with the limits set by the risk management policies.	As an estimation of the approximate impact of price risk, with respect to mutual funds and exchange traded funds, the Company has calculated the impact as follows.
At 31st March, 2023, the exposure to price risk due to investment in mutual funds amounted to Rs. 693.65 crores (March 31, 2022: Rs. 471.37 crores).	The Treasury department maintains a list of approved financial instruments. The use of any new investment must be approved by the Chief Financial Officer.	For mutual funds, a 0.25% increase in prices would have led to approximately an additional Rs. 1.73 crores gain in the Statement of Profit and Loss (FY 2021-22: Rs. 1.18 crores gain). A 0.25% decrease in prices would have led to an equal but opposite effect.

C MANAGEMENT OF CREDIT RISK

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

Trade and other receivables

Concentrations of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse and also on account of member's deposits kept by the company as collateral which can be utilised in case of member default. Further, amount lying in Core settlement Guarantee fund (CSGF) is available for utilisation in case of settlement default by member. All trade receivables are reviewed and assessed for default on a quarterly basis.

Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

Revenue from top customer is account for 95.37% (Previous Year 91%)

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks, investments in commercial papers, government securities, investments in mutual funds and exchange traded funds. The Company has diversified portfolio of investment with various number of counter-parties which have secure credit ratings hence the risk is reduced. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Company's Treasury department.

The Company's maximum exposure to credit risk as at March 31, 2023 and March 31, 2022 is the carrying value of each class of financial assets as disclosed in note no. 4,5,6,8,10 and 11.
